Active Measures: Part I Oct 16 2019 From the ashes, comes the fire. In the winter of 1990, as the Soviet empire crumbled, a small Russian special forces team entered the dense forests of West Germany and buried an insurance policy. In present day Iran, the United States' most valuable agent uncovers a devastating secret brewing deep beneath the country's mountainous terrain: in mere months, a faction of the regime's Revolutionary Guards will successfully assemble a nuclear bomb. As the full might of the American Intelligence Community is mobilized to stop it, the CIA's new director must confront a web of threats both at home and abroad, from a resentful White House chieftain, to a cunning Israeli spymaster, and the

fearsome commander of the Iranian Quds Force. In Moscow—after an oil trader with ties to the Kremlin is found burned alive in his Geneva home—an aide to Russia’s adored and despotic president is caught between opposing powers. At one side is an eccentric billionaire with lofty dreams of reorienting Russia toward the West, and at the other is the autocratic strongman whose ardent quest for resurgence has brought Russia into a risky, open confrontation with NATO. In Lebanon, the Syrian civil war that raged for years across the border has reached its bloody climax. Yet in its wake, a new menace comes crawling from the shadows to feast on the remains. A brilliant CIA officer in Beirut, working desperately to penetrate an exhausted Hezbollah, is first to recognize the danger. As she begins calling on deaf ears, it is only a matter of time until the drums of war start beating again in the Middle East—and now with the greatest terrorist the world has ever known leading the charge. Warping the line between

illusion and reality, amid a labyrinth of characters, plots and counter-plots that span the globe—from the halls of the Kremlin and the suburbs of northern Virginia, to the slums of Beirut and the back alleys of Tehran—comes a story of intrigue and betrayal, life and death; setting a collision course toward a firestorm that will consume thousands and blind a superpower.

Computers in Broadcast and Cable

Newsrooms Feb 12 2022 Computers in Broadcast and Cable Newsrooms: Using Technology in Television News Production takes readers through the use of computers and software in the broadcast/cable newsroom environment. produce timely, interesting, and informative broadcasts. Using a hands-on, practical approach to cover the role computers play in various parts of the newsroom, the volume will be of great practical value to undergraduate and graduate students in advanced broadcast/news television courses.

her corporate job at age twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the cracked salt desert of Gujarat and learnt to conquer her deepest fears. With its vivid descriptions, cinematic landscapes, moving encounters and uplifting adventures, *The Shooting Star* is a travel memoir that maps not just the world but the human spirit.

The Leader in Me Sep 07 2021 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk

alma-la.com

about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

The First Six Seconds May 03 2021 This book will change the way you think about persuasion,

and have you closing deals in no time. These days, it's just not enough to make a great pitch. Over decades of being marketed, pitched, sold (and lied) to, we've grown resistant to sales persuasion. The moment we feel pressured to buy, we pull away. And if we're told what to think, our defences go up. That's why Oren Klaff, bestselling author of Pitch Anything, has devised a new approach to persuasion based on a simple insight: everyone trusts their own ideas. Instead of pushing your idea on your buyer, guide them to discover it on their own and they will get excited about it. They'll buy in and feel good about the chance to work with you. In Flip the Script, Klaff breaks down this insight into a series of actionable steps. You will learn how to:

- *Achieve Status Alignment: Use a status tip-off, a strategically placed remark that identifies you as an insider who can relate to your client's concerns.
- *Close the Certainty Gap: Allay your buyer's fears about going into business with you by delivering a flash roll, proving your expertise

in the domain. *Present Your Idea as Plain Vanilla: Don't overhype your product as a first-of-its-kind solution. The more you emphasise the familiar, reliable elements of your product, the easier you make it for your buyer to say yes. Packed with examples of the long-shot, often hilarious deals that Klaff has pulled off over the years, Flip the Script is the most entertaining, informative masterclass in dealmaking you'll find anywhere. It will transform your approach to pitching, leaving you fully prepared to raise money, seal deals and keep your cool in the toughest business situations.

elements of spoken presentation, including content, form, persona and audience interaction. How to Change May 15 2022 'Game-changing. Katy Milkman shows in this book that we can all

be a super human' Angela Duckworth, bestselling author of *Grit* How to Change is a powerful, groundbreaking blueprint to help you - and anyone you manage, teach or coach - to achieve personal and professional goals, from the master of human nature and behaviour change and Choiceology podcast host Professor Katy Milkman. Award-winning Wharton Professor Katy Milkman has devoted her career to the study of behaviour change. An engineer by training, she approaches all challenges as problems to be solved and, with this mind-set, has drilled into the roadblocks that prevent us from achieving our goals and breaking unwanted behaviours. The key to lasting change, she argues, is not to set ever more audacious goals or to foster good habits but to get your strategy right. In *How to Change* Milkman identifies seven human impulses, or 'problems', that commonly sabotage our attempts to make positive personal and professional change. Then, crucially, instead of getting you to do battle with

these impulses she shows you how to harness them and use these as driving forces to help instil new, positive behaviours - better, faster and more efficiently than you could imagine. Drawing her own original research, countless engaging case studies and practical tools throughout to help you put her ideas into action, Milkman reveals a proven, inspiring path that can take you - once and for all - from where you are today to where you want to be.

Huffington Post, BBC, Shondaland, Barnes & Noble, Vulture, Thrillist, Vice, Self, Electric Literature, and Shelf Awareness A novel of startling intimacy, violence, and mercy among friends in a Midwestern university town, from an electric new voice. Almost everything about Wallace is at odds with the Midwestern university town where he is working uneasily toward a biochem degree. An introverted young man from Alabama, black and queer, he has left behind his family without escaping the long shadows of his childhood. For reasons of self-preservation, Wallace has enforced a wary distance even within his own circle of friends—some dating each other, some dating women, some feigning straightness. But over the course of a late-summer weekend, a series of confrontations with colleagues, and an unexpected encounter with an ostensibly straight, white classmate, conspire to fracture his defenses while exposing long-hidden currents of hostility and desire within their

community. Real Life is a novel of profound and lacerating power, a story that asks if it's ever really possible to overcome our private wounds, and at what cost.

Warrior Pose Jan 19 2020 From covering the front lines of the Gulf War to investigating Colombian drug lords to living with freedom fighters in the mountains of Afghanistan, war correspondent Brad Willis was accustomed to risk. But when mortal danger came, it was from

an unexpected direction. At the pinnacle of his career, a broken back and failed surgery left Willis permanently disabled and condemned to life in a body brace. Then came a diagnosis of terminal, stage IV throat cancer. At his 50th birthday party, friends gathered around Willis, who was crippled, almost mute, depressed, strung out on narcotic medications, and dying. Halfway through the celebration Willis realized the party's true purpose—his friends were there to say goodbye. Everyone knew Willis was on his way out...everyone except his 2-year-old son, who urged, "Get up, Daddy!" His son's words ringing in his ears, Willis chose to abandon Western medicine and embrace the most esoteric practices of Yoga to heal his body, mind, and soul—ridding himself of cancer and fully restoring his back. As a symbol of his journey, he took the spiritual name Bhava Ram, which stands for "Living from the Heart." Warrior Pose is an adventure chronicling some of the most momentous events of our time through a

journalist's eyes, an unforgettable story about the power of love between father and son, and a transformational journey of self-healing, inner peace, and wholeness.

Breaking Free of Nehru Jul 05 2021 The book discusses the impact of Nehruvian socialism on freedom in India. It reflects on India's post-independence experience and finds that India needs to move well beyond socialist paradigms towards freedom and innovation if it wishes to retrieve its status as a great nation. It then traces the causes of India's political and bureaucratic corruption, its poverty, and its large, illiterate population. The book then proposes numerous ways to transform India's governance through competitive, freedom-based, solutions. Solutions recommended range from a re-write of the Indian Constitution in order to make it simpler and clearly focused on freedom, to the radical restructure of the Indian public services based on modern public sector reforms across the world. It advocates state

funding of elections, raising the salaries of politicians significantly, freeing the labour market, imposing carbon taxes on pollution, seeking compensatory payments from developed countries for their prior carbon emissions, and complete privatisation of school and university education. It argues that India can, and should, aspire to be the world's best in everything it does. I believe that no Indian should settle for anything less than that.

Flip the Script Dec 10 2021 This book will change the way you think about persuasion, and have you closing deals in no time. These days, it's just not enough to make a great pitch. Over

decades of being marketed, pitched, sold (and lied) to, we've grown resistant to sales persuasion. The moment we feel pressured to buy, we pull away.
