For the first time in one volume, Phil Edmonston, Canada's automotive "Dr. Phil," covers all used vehicles, packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years. With a Haynes manual, you can do simple maintenance and basic repairs yourself, because Haynes writes every book based on a complete tear down of the vehicle. Whether you are a beginner or a pro, you can save big with these helpful manuals! Chevrolet Aveo, '04 – '11 includes all you need to know to maintain, repair, and care for these excellent vehicles. A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips. As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, fess up." Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever. Includes entries for maps and atlases. "Models covered: Chevrolet Colorado and GMC Canyon, 2004 through 2008, two- and four- wheel drive versions with inline four-cylinder and five-cylinder engines." This synthesis will be of interest to pavement designers, maintenance engineers, and others responsible for the management of highway pavements. Information is presented on pavement management systems - the established, documented procedures used to treat all activities involved in providing and sustaining pavements in an acceptable condition. As highway agencies focus more attention on maintenance and rehabilitation of highway networks, the use of some form of a pavement management system becomes increasingly important. This report of the Transportation Research Board describes the features, applicability, and use of a pavement management system and recommends five general steps for implementing a new pavement management system or improving an existing system. The essential guide to the Jaguar X-Type – the first 'baby' Jaguar ever produced. The X-Type catered for an entirely new market for Jaguar, and proved highly successful. Covering all the models from this period, this guide provides you with all the procedures necessary to ensure the car you are looking at is actually what it appears to be. Close study and careful inspection are vital with the X-Type, and this guide identifies some of the pitfalls to avoid, helps you decide on exactly how and where to buy, and shows how to get the best possible car you can for your money. This is the only title available on the X-Type models – the ultimate pocket guide to read, digest and keep with you at all times. Hatchback and Van (also most features of Fusion range), inc. special/limited editions. Does NOT cover Fiesta ST or new Fiesta range introduced for 2009 model year. Petrol: 1.25 litre (1242cc), 1.3 litre (1297cc), 1.4 litre (1388cc) & 1.6 litre (1596cc) Duratec. Turbo-Diesel: 1.4 litre (1398cc) & 1.6 litre (1560cc) TDCi Duratorq.
