A puffin's colorful beak is its most unusual physical feature. Readers will fall in love with this little black and white bird while learning about the ways it has adapted to its frigid environment. Easy-to-follow text and colorful photographs make this a truly exciting read. Rakesh plants a cherry seedling in his garden and watches it grow. As seasons go by, the small tree survives heavy monsoon showers, a hungry goat that eats most of the leaves and a grass cutter who splits it into two with one sweep. At last, on his ninth birthday, Rakesh is rewarded with a miraculous sight—the first pink blossoms of his precious cherry tree! This beautifully illustrated edition brings alive the magical charm of one of Ruskin Bond's most unforgettable tales. It was Benjamin Postlethwaite's job all his long life to make sure the light shone brightly high up in the lighthouse on Puffin Island. Not once in all his years as the lighthouse keeper had he ever let his light go out. But sometimes even the brightest light on a lighthouse cannot save a ship. This is a story of a life-changing friendship, a lost puffin, and a lonely artist. It's the story of an entire lifetime, and how one event can change a life forever. From masterful storyteller, Michael Morpurgo, and world-class illustrator, Benji Davies, comes a magical new story. This truly beautiful tale will enchant readers of all ages. Penguin Readers is an ELT graded reader series. Please note that the eBook edition does NOT include access to the audio edition and digital book. Written for learners of English as a foreign language, each title includes carefully adapted text, new illustrations and language learning exercises. Titles include popular classics, exciting contemporary fiction, and thought-provoking non-fiction, introducing language learners to bestselling authors and compelling content. The eight levels of Penguin Readers follow the Common European Framework of Reference for language learning (CEFR). Exercises at the back of each Reader help language learners to practise grammar, vocabulary, and key exam skills. Before, during and after-reading questions test readers' story comprehension and develop vocabulary. The Puffin Keeper, a Level 2 Reader, is A1+ in the CEFR framework. Sentences contain a maximum of two clauses, introducing the future tenses will and going to, present continuous for future meaning, and comparatives and superlatives. It is well supported by illustrations, which appear on most pages. Visit the Penguin Readers website Register to access online resources including tests, worksheets and answer keys. Exclusively with the print edition, readers can unlock a digital book and audio edition (not available with the eBook). Five-year-old Allen Williams arrives on Puffin Island and meets an old man, Benjamin Postlewaite. Ben is the lighthouse keeper, and Allen is soon friends with him. Allen travels back to the island many years later and finds Ben is keeping a puffin. Allen helps Ben to change from lighthouse keeper to puffin keeper. The first unputdownable adventure story in this phenomenal series, from the author of the bestselling Young Bond series and award-winning comedy writer and performer (The Fast Show, Down the Line), Charlie Higson. They'll chase you. They'll rip you open. They'll feed on you . . . When the sickness came, every parent, policeman, politician - every adult - fell ill. The lucky ones died. The others are crazed, confused and hungry. Only children under fourteen remain, and they're fighting to survive. Now there are rumours of a safe place to hide. And so a gang of children begin their quest across London, where all through the city - down alleyways, in deserted houses, underground - the grown-ups lie in wait. But can they make it there - alive? With its colourful beak and fast, whirring flight, the Atlantic Puffin is the most recognisable and popular of all North Atlantic seabirds. Puffins spend most of the year at sea, but for a few months of the year they come to shore, nesting in burrows on steep cliffs or on inaccessible islands. Awe-inspiring numbers of these birds can sometimes be seen bobbing on the sea or flying in vast wheels over the colony, bringing fish in their beaks back to the chicks. However, the species has declined sharply over the last decade; this is due to a collapse in fish stocks caused by overfishing and global warming, combined with an exponential increase in Pipefish (which can kill the chicks). The Puffin is a revised and expanded second edition of Poyser's 1984 title on these endearing birds, widely considered to be a Poyser classic. It includes sections on their affinities, nesting and incubation, movements, foraging ecology, survivorship, predation, and research methodology; particular attention is paid to conservation, with the species considered an important 'indicator' of the health of our coasts. When Surya the sun god got married, his wife could not bear the heat of his rays and ran away. Surya was heartbroken and the world plunged into darkness. A dwarf asked a king for some land, which he measured with three footsteps, and ended up claiming the earth and the sky. Sage Daksha got his daughters married to the moon, but later, in a fit of rage, cursed the moon with consumption, making it wax and wane. These are some of the fifty myths from India recounted in this fabulously produced book. From wise sages to demonic asuras, beautiful river deities to arrogant kings, wayward gods to brave princes, this collection of myths showcases the most enchanting and magical stories from Indian mythology. Fifty years ago, a young ornithologist named Steve Kress fell in love with penguins. After learning that hunting had eradicated their colonies on small, rocky islands off the coast of Maine, he resolved to bring them back. So began a decades-long quest that involved collecting chicks in Canada, flying them to Maine, raising them in coffee-can nests, transporting them to their new island home, watching over them as they grew, and then waiting--for years--to see if they would come back. This is the story of how the Puffin Project reclaimed a piece of our rich biological heritage, and how it inspired other groups around the world to help other species re-root in their

native lands. Come along with Patch the Puffin as he and his friends find themselves in another adventure on his island home. Protecting a sea turtles nest until the hatchlings emerge presents some big challenges for this little bird. Will Patch and his friends succeed in getting the sea turtle hatchlings to the ocean? Will some hungry sea gulls find them first? The second in a series of stories following a young puffin as he discovers the importance of family, friends and home. Patch the Puffin stories center on the diverse wildlife found along our coastlines. WW2 has just ended and twelve-year-old Rusty comes back home to Britain after being evacuated to the US. The greyness and bleakness of life in England is a shock, but even worse is adapting to the strict discipline of her family, including a brother she's never met, after the warmth and openness of her adopted American family. Rusty is sent to an horrific boarding school, before finally running away as her search for happiness becomes more and more desperate. Young Robert's delight in being followed home by a hippopotamus turns to chagrin as more and more of the beasts crowd in. Follow precious Little Puffin through his first year of life as his parents protect and prepare him for life on his own. From the safety of the little chick's nest to his clumsy attempts at flight, Van Zyle's paintings depict Little Puffin's adventures through a variety of perspectives, from close-up portraits to sweeping action scenes. Jonathan London's lyrical prose imparts a reverence for wildlife, endearing the puffin chick—Sea Parrot, Underwater Acrobat, Clown of the Ocean—to the reader and creating a suspenseful read-aloud. USA TODAY bestselling author Sarah Morgan will sweep you away with her Puffin Island series! In a town where anything can happen, sometimes love can be found in the most unlikely place of all... Can Emily take her biggest leap of trust yet—putting her heart in someone else's hands? PLAYING BY THE GREEK'S RULES Idealistic Lily Rose craves a fairy-tale love, but it always ends in heartbreak. So Lily's trying a different approach—a fling with her boss, infamous Greek playboy Nik Zervakis! Nik lives by his own set of rules, but he has dark shadows in his heart... There's no one better to teach Lily how to separate sizzling sex from deep emotions! It starts as a sensual game, but can Lily stick to Nik's rules? And what's more, can he? SOME KIND OF WONDERFUL Puffin Islander Brittany Forrest has always dreamed of adventure. And at eighteen, she thought she'd found it in bad boy Zachary Flynn. But after just ten tempestuous, smoldering days, their whirlwind marriage went up in smoke. Zach knows he let Brittany down, but seeing her again stirs up long-buried emotions. He's never felt worthy of her, yet he can't stay away... Could their dreams of a happy-ever-after finally come true? ONE ENCHANTED MOMENT Life has just thrown Skylar Tempest a serious curveball. So she's returned home to Puffin Island to regroup among friends. Unfortunately, that means seeing Alec Hunter, who's become a big-deal TV historian. Sky's never liked the cynical Alec, and the feeling was mutual. But maybe that was then. And this is now... A celebratory anthology of the best of Puffin poetry publishing, including poems by Roger McGough, Michael Rosen, Charles Causley, Benjamin Zephaniah, Jackie Kay, Spike Milligan, John Agard, Brian Patten, Allan Ahlberg and Kit Wright. Each poet's work is illustrated by a different artist such as Emma Chichester Clark, Fritz Wegner and Korcky Paul. When Great-Uncle Horace brings back lost and homeless animals from his travels around the globe, it falls to Zoe, and her mum, the zoo vet, to settle them into their new home. Zoe's very good at this, because she can understand what they say and talk to them, too. But that's a secret! Puffins are Zoe's favourite ever animal, so when Piper arrives at the Rescue Zoo, Zoe is very happy to help her settle in. But Piper is very picky! She doesn't like her enclosure ... or her burrow ... or even her food! Can Zoe and Meep work out what is making Piper the puffin so picky, and come up with a plan to make the little puffin feel happy in her new home? California zookeeper Theodora Bentley travels to Iceland to pick up an orphaned polar bear cub destined for the Gunn Zoo's newly installed Northern Climes exhibit. The trip is intended to be a combination of work and play. But on day two, while horseback riding near a picturesque seaside village, Teddy discovers a man lying atop a puffin burrow, shot through the head. The victim is identified as American birdwatcher Simon Parr, winner of the largest Powerball payout in history. Is Teddy a witness - or a suspect? Others include not only Parr's wife, a famed suspense novelist, but fellow members of the birding club Parr had generously treated to their lavish Icelandic expedition. Hardly your average birders, several of them have had serious brushes with the law back in the States. Guessing that an American would best understand other Americans, police detective Thorvald Haraldsson grudgingly concedes her innocence and allows Teddy to tag along with the group to volcanoes, glaciers, and deep continental rifts in quest of rare bird species. But once another member of the club is murdered and a rockfall barely misses Teddy's head, Haraldsson forbids her to continue. She ignores him and, in a stunning, solitary face-off with the killer in Iceland's wild interior, concludes an investigation at once exotic, thrilling, and rich in animal lore. 'A portfolio of sheer excellence.' -Chris Packham In this breathtaking new book, internationally renowned photographer Kevin Morgans celebrates the iconic Atlantic puffin and its place in the ecology of the British Isles. With their brightly coloured beaks, quirky personalities and comical movements, the 'clowns of the sea' are the best loved of all Britain's seabirds. In a series of stunning images from his award-winning portfolio, Kevin Morgans documents their lives and their relationship with our windswept coast. The inspiring story of a young ornithologist who reintroduced puffins where none had been seen for a century Project Puffin is the inspiring story of how a beloved seabird was restored to long-abandoned nesting colonies off the Maine coast. As a young ornithology instructor at the Hog Island Audubon Camp, Dr. Stephen W. Kress learned that puffins had nested on nearby islands until extirpated by hunters in the late 1800s. To right this environmental wrong, he resolved to bring puffins back to one such island--Eastern Egg Rock. Yet bringing the plan to reality meant convincing skeptics, finding resources, and inventing restoration methods at a time when many believed in "letting nature take its course." Today, Project Puffin has restored more than 1,000 puffin pairs to three Maine islands. But even more exciting, techniques developed during the project have helped to restore rare and endangered seabirds worldwide. Further, reestablished puffins now serve as a window into the effects of global warming. The success of Dr. Kress's project offers hope that people can restore lost wildlife populations and the habitats that support them. The need for such inspiration has never been greater. Our next stop as we Count Our Way Across the USA is to Maine where we can listen to the call of the loon, hike through the Eastern white pine forests, or enjoy a clambake at the beach while watching whales splash in the ocean. Fishing for Numbers is packed with enough Maine facts, lore, and history to keep readers fishing for hours. Readers will learn why Maine is known for their shipbuilders, how fast a puffin can fly, and which is the only domestic cat native to North America. There is even a recipe for a traditional baked bean supper. Cynthia Reynolds, author of L is for Lobster: A Maine Alphabet, is an eleventh-generation Maine native. She summers on Pleasant River Lake in Maine. The rest of the year she dreams of Maine from her home outside Ann Arbor. Jeannie Brett has illustrated several books including L is for Lobster: A Maine Alphabet. She lives in York, Maine. Puffin is an architect who always exceeds her clients' expectations, that is, until she takes on the toughest clients ever--her own pufflings. Puffin takes her tricky new clients on an inspirational tour of her builds. Together, they visit all kinds of cleverly designed spaces--Otters floating home, Pig's tool shed on wheels, Painter Goose's light-filled studio, and Platypus's cozy underground bake house. The pufflings are unimpressed. Her clients are a challenge! Will Puffin come up with a puffling-perfect home design? This gorgeous story, with endearing characters, intriguing house designs, ingenious mechanisms, and storage solutions to pore over on every page, will spark a brand new generation of architects, engineers, and designers. Recounts the life and adventures of Robin Hood, who, with his band of followers, lived as an outlaw in Sherwood Forest dedicated to fighting tyranny. Simple rhyming text and photographs look at and compare puffins and penguins. 'It would be hard to imagine a more thoughtful, intelligent and companionable person to go to sea with than Paul Heiney.' Bill Bryson 'High comedy on the high seas. Informative and warm and freezing. It's quite a combination.' Griff Rhys Jones The puffin is the joker amongst the seabirds of the north Atlantic, but what is happening to this much-loved bird is far from a laughing matter. This is the conclusion of writer and broadcaster, Paul Heiney, who set sail from the east coast of England bound for Iceland, propelled by a desire to breathe the cool, clear air of the high latitudes, and to follow in the wake of generations of sailors who have made this often treacherous journey since the 13th century. In almost every harbour he tripped over maritime history and anecdote, and came face to face with his own past as he sailed north along his childhood coastline of east Yorkshire towards the Arctic Circle. But there was one major thing missing from this voyage - the sight of puffins. They are remarkable birds, uplifting as a ray of sunshine after a storm. To see them and share their waters was also part of Heiney's ambition. Imagine then his disappointment when, first, no puffins appeared off the Farne Islands, then none to be seen on puffin hotspots like Orkney. When he failed to see puffins on Iceland, it was the last straw, and he started to become seriously concerned. Heiney senses that a new chapter is about to be written, and it is one in which we may have to say farewell to the puffin forever. This book is rich in travel and sailing narrative, natural and social history, and with a strong undercurrent of good humour. It provides not only an insight into the private life of the puffin, but an honest portrait of human life on the ocean waves, as well as a reflection on what we might lose if the puffin disappears from our icy northern waters. Puffin Classics: the definitive collection of timeless stories, for every child. Tom tucked a blanket round him, drew up a chair by the fire and watched Willie fall asleep. The tales he had heard about evacuees didn't seem to fit Willie. 'Ungrateful' and 'wild' were the adjectives he had heard used, or just plain 'homesick'. He was quite unprepared for this timid, sickly little specimen. Britain, 1940. With World War Two raging all around, young children are being sent from their homes in the city to the countryside for safety. When eight-year-old Willie Beech first arrives on Tom Oakley's doorstep, neither are quite sure what to make of each other. Brought up in terrible poverty, Willie is terribly shy, and totally unprepared for village life - but the gruff-but-gentle 'Mister Tom' quickly takes him under his wing. Neither he nor Willie could ever have predicted the journey they will go on together - nor the unbreakable bond that will be formed. Winner of the Guardian Children's Fiction Award, and rightly hailed as a true classic of children's literature, Goodnight Mister Tom is a beautifully told, deeply moving story about the power of friendship, kindness, hope - and love. 'Everyone's idea of a smash-hit novel: full-blown characters to love and hate, moments of grief and joy, and a marvellous story that knows just how to grab the emotions' - Guardian Discusses the physical characteristics, behavior, and habitat of puffins, and describes the efforts to protect this threatened species. A fantastic introduction to new and traditional poetry for children under seven. Brilliantly illustrated by several different illustrators, it includes poems about mealtimes, playtime, animals, family, bedtime and lots more. Table of Contents Introduction What is a puffin? What kinds of puffins are there? The history of puffins and humans Atlantic puffin Tufted puffin Horned puffin Conclusion Author Bio Publisher Introduction Puffins are adorable little creatures that sometimes remind people of penguins. Their coloring is a little similar to some sort of penguins, and they also live in cold regions, but that's where the similarities end. They are big parts of the culture in places such as Iceland and the Faroe islands, and live in both the Atlantic Ocean area and the Pacific. Most people know very little about puffins, but they are fascinating creatures who have been the basis of survival for some and almost the symbol of their culture for others. With their black and white bodies and their brilliantly colored beaks, puffins stand out among birds. They are not colorful like parrots or beautiful like swans, but the puffin

Enduringly popular, Puffins are perhaps our most iconic species of bird, and are the most immediately identifiable of seabirds with their decorative bills and clown-like gait. Yet when they take to the air they wheel and turn with great agility and underwater these stocky little birds use short specially adapted wings to propel themselves through the water in pursuit of small fish. Surprisingly little was known about Puffin ecology until recently thanks to their preferred breeding habitat being underground on remote islands or hard-to-reach coastlines. Now Euan Dunn discloses all we have learnt about them as a result of technological advances, and provides a revealing account of their life cycle, behaviour and breeding, what they eat, how they interact in their busy colonies, and where they migrate to in winter. Euan also exposes the mounting threats Puffins face and offers advice on the best places to see them.
