*The Entire volume in one book! To all the people in toxic relationships. Know that there is always a way out. Know that your exit will begin with talking to someone. With getting the support from the people you love. Know that you are not alone. That you are not trapped. And that you don't have to*

be afraid of what happens next. Know that everything passes. That everything goes on. That you don't deserve to be in that kind of relationship. Know that you don't deserve to be mistreated, taken for granted and or abused. Both mentally and physically. Know that there is always help. That there is always hope. That there is always a new day to start living. A new way of life yet to be lived. A new way to love yourself for who you are. To all the people in toxic relationships. Know your worth. Know that you don't always have to keep letting them in. That you don't always have to keep telling yourself they'll change. Know this and never forget it. There is always a way out. And there is always someone out there willing to guide and show you how you deserve better. How you deserve more. Know this. It is essential. Know this. You don't have to stay. There is always a way out. Something Broken. Something Beautiful. The first person who breaks your heart will always teach you the importance of love. 1. People come and go and only a handful of them are willing to stay. So it is best to give them your promises. 2. You have to go through pain every once in a while. That's how it works. Pain is inevitable. Pain is relative. Pain brings people closer together. So it is best to give the people you love your sorrow. They will make flowers out of them. Believe it. And 3. Somewhere down the line a revelation will hit you like a comet and when it does you will think of the first time you got your heart broken. And the second and maybe even the third. And you will finally realize the importance of it all. And you will thank them for the experiences. And you will finally bring down your walls and learn how to move on. How to forgive. How to properly heal.

*And you will do all of these marvelous things but also, you will never forget the way they once made you feel. You will never forget the slow burn that brokenness brings. And you will remind yourself of it every now and then... and you will do so to remember the importance of letting go and etc. To remember why you should never search for love in the same place you lost it. Why you should never search for love in the same place where it left you broken. That's the importance of love. Of going through it-to have it and cherish it... but also, to not fall victim to the same people and tragedies that made you feel even more alone. To not fall victim to all things that covered up the sun. Those lessons are valuable, therefore, it is best to learn as much as you can and love as much as you're willing to get hurt. Stay strong. An essential, up-to-date textbook for postgraduate trainees preparing for the EBCOG Fellowship exam. in my feelings collection volume 2 each person will feel things their own way. each person will hurt the only way they know how. will love... the only way they've been taught to love. not everyone will see things the way you do. feel things the way you do. and you can't force your beliefs on people either because that's not love. that's not having compassion for other people. we all have our own right to see the world with our own eyes, therefore, understanding is key. and I don't mean saying it, saying you understand someone without putting yourself in their shoes. without respecting their views. you have to really know yourself and your environment to understand why people are the way they are. you have to go through enough pain to keep your heart open. to be compassionate towards other people. understanding is key and not everyone will*

*understand you and that's okay. but the point is, to remember how all of us are different and try to understand that not all of us are meant to be the same. and you should never believe you understand it all because believe me, there will always be something to learn. there will always be something that will take your breath away. something that will make you question everything--your own beliefs and your own way of thinking. people, things and places, like life, are always evolving and you must evolve with them... if you ever want a fair shot in accepting your flaws and the flaws of other people. and before I finish, I just want you to know... that the beauty of it all is this, the more you understand people the better you will understand yourself. from the known and to the depths of your soul... people will always shape you. all that you are is all you've experienced with them. and dont ever forget... that the people you love will always have a piece of your heart. they will always be with you... no matter what. A book that will change the way you think about love, relationships, heartbreak, and self-empowerment. Breaking the rules, challenging perceptions, and exploring the secret desires we keep hidden from the world. Beautifully composed and written by international bestselling author Lang Leav, this new collection of poetry and prose will positively influence your life. September Love captures the magic of each passing season, a pearl of wisdom waiting to be discovered with every page turned. A book that will inspire you to reach for the stars. This is an anthology of work from Author Robert M. Drake from his unreleased books Spaceship, Science and the old discontinued version of Beautiful Choas intimate look at love, loss, and the incredible*

way they intersect, from the incomparable, bestselling author Robert M. Drake. In this collection, Drake's masterful yet simple style takes the reader on a journey filled with their most unquestionable feelings. Why do things hurt? Why did we meet? Why do things happen the way they do? Is this real or all a dream? With this collection, Drake explores many subjects, those known and unknown. Written between 2009 - 2011. From the authors of The New York Times bestsellers *Empty Bottles Full of Stories* and *Falling Toward the Moon* comes a brand-new collection of compelling poetry and prose. There's a harshness in the air; the season is changing its colors. The rain is chilled, icy to the touch, and the sky, filled with melancholy. Your search for warmth has brought you here; you starve for something profound. You require something that will resonate with your soul. Despite how cold, you're determined to grow. And with these words, you bloom, a winter rose. What are you hiding behind your smile? If those empty bottles that line the walls of your room could speak, what tales would they spill? So much of your truth is buried beneath the lies you tell yourself. There's a need to scream to the moon; there's this urge to go out into the darkness of the night to purge. There are so many stories living inside your soul, you just want the opportunity to tell them. And when you can't find the will to express what lives within your heart, these words will give you peace. These words will set you free. Structured like an old-school mix-tape, *Stuff I've Been Feeling Lately* is Alicia Cook's lyric message to anyone who has dealt with addiction. "Side A" touches on all aspects of the human condition: life, death, love, trauma, and growth. "Side B" contains haunting black-

out remixes of those poems. The dynamics of realistic Hamiltonian systems has unusual microscopic features that are direct consequences of its fractional space-time structure and its phase space topology. The book deals with the fractality of the chaotic dynamics and kinetics, and also includes material on non-ergodic and non-well-mixing Hamiltonian dynamics. The book does not follow the traditional scheme of most of today's literature on chaos. The intention of the author has been to put together some of the most complex and yet open problems on the general theory of chaotic systems. The importance of the discussed issues and an understanding of their origin should inspire students and researchers to touch upon some of the deepest aspects of nonlinear dynamics. The book considers the basic principles of the Hamiltonian theory of chaos and some applications including for example, the cooling of particles and signals, control and erasing of chaos, polynomial complexity, Maxwell's Demon, and others. It presents a new and realistic image of the origin of dynamical chaos and randomness. An understanding of the origin of randomness in dynamical systems, which cannot be of the same origin as chaos, provides new insights in the diverse fields of physics, biology, chemistry, and engineering. Children are already learning at birth, and they develop and learn at a rapid pace in their early years. This provides a critical foundation for lifelong progress, and the adults who provide for the care and the education of young children bear a great responsibility for their health, development, and learning. Despite the fact that they share the same objective - to nurture young children and secure their future success - the various

*practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well. Transforming the Workforce for Children Birth Through Age 8 explores the science of child development, particularly looking at implications for the professionals who work with children. This report examines the current capacities and practices of the workforce, the settings in which they work, the policies and infrastructure that set qualifications and provide professional learning, and the government agencies and other funders who support and oversee these systems. This book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals. These detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning, shared knowledge and competencies for care and education professionals, and principles for effective professional learning. Young children thrive and learn best when they have secure, positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress. Transforming the Workforce for Children Birth Through Age 8 offers guidance on system changes to improve the quality of professional practice, specific actions to improve professional learning systems and workforce development, and research to continue to build the knowledge base in ways that will directly advance and inform future actions. The recommendations of this book provide an*

Volume 2 of Robert M. Drakes entries. This book employs the comparative method to understand societal collapses to which environmental problems contribute to the common youth and society as a whole. In his writing, Robert M. Drake hauntingly describes the issues we are all facing today. We all are broken and broken is its own kind of beautiful. Dead Pop Art is a collection of unreleased poems written by Author Robert M. Drake from 2004-2006. The collection was written during his time in college and explores many topics such as, self-love, depression, anti-heroism, and moments he experienced during college. A stunning and unique look at the great equations that lie at the heart of many of the most successful scientific theories. Perfect for fans of Robert Harris, Wilbur Smith and Bernard Cornwell, this is breathtaking and atmospheric historical historical mystery set in Ancient Egypt from bestselling author Nick Drake. "In Drake's hands, ancient Egypt comes to life with all its treachery, vengeance, passion and power. A stunning achievement" -- M.C.SCOTT "Richly imagines, fiendishly plotted, gruesomely evocative." -- PAUL SUSSMAN "Drake takes an ancient, long-lost civilization and makes it feel frighteningly familiar. *DYNASTY IN PERIL. A CLANDESTINE MISSION TO DEFEAT THE TERROR THAT THREATENS THEM ALL. Egypt, 1320 BC: Rahotep is sent on a clandestine mission - he must cross enemy empires and rogue states to deliver a top-secret letter, from the Queen to her arch-enemy, the King of the Hittites. The future of Egypt lies in his hands and Rahotep knows he may not return from this mission. But he also has a personal motive driving him on, and personal demons he must face. Will he conquer them in time to save Egypt's greatest dynasty, and his own family, from the terror that threatens them all? Have you read Nefertiti and Tutankhamun, Rahotep's other adventures? A captivating novel of first love, Egyptian mythology, and family, from the #1 New York Times bestselling author of And I Darken*

*Isadora's family is seriously screwed up—which comes with the territory when you're the human daughter of the Egyptian gods Isis and Osiris. Isadora is tired of her immortal relatives and their ancient mythological drama, so when she gets the chance to move to California with her brother, she jumps on it. But her new life comes with plenty of its own dramatic—and dangerous—complications . . . Fans of Kiera Cass's Selection series or Cynthia Hand's Unerthly trilogy will fall in love with this enchanting, heartfelt YA romance. This is something about self-exploration--something they don't teach in school. Something that's very hard to learn on your own. This is something about putting yourself first because it's okay to love yourself before anyone else. This is something about doing what's best for you, no matter what people say, because only you know what you deserve. This is something about being real, being real to who you are and*

accepting things as they come and change. This is something about your mistakes, about your flaws, and about how beautiful it is to get up and try again. This is something about being you, about using your voice when you're afraid. About building enough courage when you feel like standing up to something you don't believe in, something that's wrong. This is about you, and every day should be about you, and that's something you should always consider. On the heels of three internationally bestselling books of poetry, Robert M. Drake takes his readers to a deeper level of his consciousness with this collection of stories. The heart will ache, the soul will feel weary, and the mind will be weighed down by the things you wish to forget. There will be nights when all you have is yourself and the moon. There will be nights when silence will exist in abundance. And even though you may feel lonely at first. You must understand that the solitude is a gift; you must understand that even when alone, you are more than enough. I would love to say that you make me weak at the knees, but to be quite upfront and completely truthful, you make my body forget it has knees at all. One day, while browsing an antique store in Helena, Montana, photographer Tyler Knott Gregson stumbled upon a vintage Remington typewriter for sale. Standing up and using a page from a broken book he was buying for \$2, he typed a poem without thinking, without planning, and without the ability to revise anything. He fell in love. Three years and almost one thousand poems later, Tyler is now known as the creator of the Typewriter Series: a striking collection of poems typed onto found scraps of paper or created via blackout method. *Chasers of the Light* features some of his most

Daily inspiration in the form of hand-written notes on emotions, emotional intelligence, and relationships, based on the popular Instagram account @notesfromyourtherapist For anyone in need of a daily dose of affirmation and empathy, therapist and mental health counselor Allyson Dinneen shares this collection of artful and beautifully photographed hand-written insights, based on her popular Instagram. These bite-size words of wisdom cover everything from setting boundaries and navigating relationships to how to take good care of yourself. As she does in her practice, through these notes Dinneen seeks to cultivate emotional well-being, recognize the struggle of being human, and offer a nurturing, compassionate perspective. Love Holds No Fear is a collection of poetry and prose that explores the unfathomable ocean of heartbreak, love and life. This book is for the ones who love to dream and who dream of love.

*Chaos is not pretty it is like feeling a hundred things, hearing a hundred voices, and somewhere in the riot we tend to lose ourselves and lose direction in our heads. This book is the truth, it is everything we have been feeling and running away from for so long. Nowadays, nobody can imagine practicing obstetrics without using obstetrical ultrasound. Working in the prenatal diagnosis field requires dedication, patience, skills, experience, caution, and empathy. The concept of this book was guided by the desire to provide some help to the ultrasound operators. On a daily basis, they are confronted with the challenging task of ruling out or suspecting/confirming the diagnosis of fetal anomalies, either structural or chromosomal. The chapters of this book contain objective and exhaustive updated reviews of the pertinent literature, so that the reader would have a wide reference basis on each subject. Yet, many authors scan the fetus themselves or are directly involved with managing pregnancies with structural malformations or chromosomal anomalies. They kindly shared their personal experience and lessons learned over the years. This book is beneficial for all the professionals working in the prenatal diagnosis. Ann Marie Eleazer has always considered herself a bit ancient, haunted and otherworldly, who enjoys enchanted flights through the dark fairy tales and magical places she's been drawn to since childhood. She's Magic & Midnight Lace is a beautiful collection of poetry and prose, or as author, Ann Marie Eleazer says, Poems and Poetic Spells. Each page is filled with her writings that will charm you and leave you spellbound. She's Magic & Midnight Lace has over 200 hand-selected pieces from the soul of the author that will lure you*

*in, giving you a better understanding of the mystery of the darkness, and have you believing just how magical life really can be. \*\*\*Poetry, simply said, is her magical potion. Darkened and mysterious words form deep within her old soul, executed with pinpoint precision as she lulls her audience into a hypnotic trance. Ann Marie's poetry, with a hint of Poe, sprinkled to and fro, brings life to those obscure hidden desires of yesteryear. With a hint of mystery, a dash of seduction and wording that seemingly dances in unison, Ann Marie's arrangement of words casts a bewitching spell upon those that dare transcend into her magical coven of poetry. ~Maxwell Xavier, Writer at Primal Awakenings\*\*\*This poetry sings to deep hidden places in my heart, allowing me to embrace my own wild and beautiful darkness. If you yearn for a sensual life, shun pastels, and feel at home in mysterious places, you will love this book. I read it to my lover late at night and watch it bring out his inner wicked passion. ~Elisa Robyn, PhD, Author of The Way of The Well and Dark Fire 'Heaven and Love' is the much awaited debut poetry book of writer M. Mustun. Having gained a following of over 50,000 on Instagram in his first year, M. Mustun releases his book of short poetry and prose which delves into the experience of love and heartbreak. The book explores the emotions felt on the journey of love, with the bitterness that can come with it as well as giving a sense of purpose and hope despite the pain felt in love. Heaven and Love is the first of a two part series of a compilation of soul searching poetry and prose. His style can be said to be that of a mix of r.h. Sin and Rupi Kaur, with the majority of the book focused on short pieces with some glimpses of his longer pieces of*

writing. Infamous Instagram and social media author, Rachel Wolchin's debut collection of poetry and prose, What You Missed While Blinking, is a culturally relatable voyage of self-discovery and spiritually conscious living. In her transformative and easy to integrate photographic novel, Rachel expands on topics such as pain, growth, self-forgiveness, self-love, as well as love and forgiveness of others and all things, explaining that where there is the most pain there is also the most room for growth. Her inspirationally compassionate messages of encouragement reveal how the patterns we repeat are continuously reflected back to us in the form of different people and situations so that we can become aware and objectively grow from them. Rachel reminds us that the most powerful transformations occur through the desire to heal from our past. What You Missed While Blinking takes readers along a journey filled with moments of both darkness and Light. It is in these moments--between each blink of our eyes--where we gain the clarity and certainty we need to face any challenge, and the power to redefine the life we are meant to live.
