Established in 1911, The Rotarian is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles,

columns, and departments about, or of interest to, Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners – from Mahatma Gandhi to Kurt Vonnegut Jr. – have written for the magazine. Tractor enthusiasts of any era will appreciate the wealth of technical data this comprehensive resource delivers. This expanded 2nd edition fuses familiar and reliable Standard Catalog data with results from the renowned Nebraska Tractor Tests, for the extended coverage savvy enthusiast need. Four grades of prices for most models, and updated prices for tractors of the 1960s and later, assist collectors in evaluating each model. Technical specifications including engine size, weight, performance ability and options offer a more depth report. Additional performance reports from the standard Nebraska Tractor Tests add to a solid foundation of information to create a resource that's second to none. • Information on tractors manufactured from 1890 to 1960 guides collectors through various generations of tractors • Updated prices for post-1960 models helps collectors remain updated • 1,800 detailed archive photos help enthusiasts identify various models LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. an entertaining, colorful, and authoritative history of the little motorbikes that could. Beginning with the first motor scooter in 1902, Eric Dregni is your guide to everything from the postwar American scooter boom to the golden age of Italian and European scooters, the rise of Mod scooter culture in England . . . right up to modern electric scooters. Today, nostalgia for vintage Vespas, Piaggios, Cushman's, Lambrettas, and other top brands drive a new thirst for retro-inspired scooters in showrooms around the world. This revised and updated edition of The Scooter Bible brings the story up to date with the drive for zero emissions via electric vehicles. Throughout, author Eric Dregni offers you a wealth of imagery: historic black-and-white photos, evocative period advertisements, manufacturer photos, and more—over 500 images! Along the way, he also shows you scooter evolution, changing technologies, and scooter appearances in popular culture. And as the most comprehensive scooter book ever, The Scooter Bible also includes the world's most exhaustive encyclopedia of scooter brands, from Puddlejumper to Piaggio, Ducati to Doodlebug, and Zündapp Bella to Genuine Stella. The Scooter Bible is all you need before kick-starting your scooter engine to life and praying for ever more speed. Indeed, scooters are mechanical marvels on two wheels. Streamlined spuds. Mutant oddballs of Jet Age styling gone berserk. Innovative inventions shoehorned like sardines into miniaturized

monocoque bodies. Engineering and styling enigmas (the stranger the better). They are the weird and the wonderful. And they are all here in The Scooter Bible. Peter Hunn. It's common for homeowners to have 2- or 4-cycle small engines in their lawn and garden equipment, utility vehicles, recreational vehicles, generators and other machines. With this easy-to-follow, richly illustrated handbook, homeowners will be able to understanding small engines, troubleshooting them and working on them. The book has a brief history of significant and popular small engines and a guide to setting up a home workshop in which to work on them. It also includes case studies on the disassembly, maintenance, repair and/or rebuilding of: a 2-stroke lawnmower engine, a 4-stroke utility motor, a 2-stroke chainsaw engine, and a curbside junker. The writing is lively and entertaining and the color photos clearly show how to work on these useful engines. LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. Some nights we camped out along the highway; other nights we found a motel. Some days the rain was fierce and debilitating... but every day was fun and filled with great experiences and amazing landscapes. Each of us rode a 500cc two-stroke motorcycle on the journey. We had no cell phones, roadside assistance coverage, custom ear plugs, or sound systems. The attractions of the open road, Canada, and Yellowstone Park were very powerful. None of us worried about breaking down or the costs of the trip. We were filled with youthful confidence in ourselves and our machines. The three of us had places to go and places to see. And we made it!
