*All-terrain vehicles (ATV), which are off-road motorized vehicles, usually with four tires, a straddle seat for the operator, and handlebars for steering control, have become increasingly popular. However, ATV fatalities and injuries have increased over the last decade and are a matter of concern to the Consumer Product Safety Comm. (CPSC), which oversees ATV safety, and to others. Many ATV crashes involving children occur when they are riding adult-sized ATVs. Manufacturers and dist have agreed to use their best efforts to prevent their dealers from selling adult-sized ATVs for use by children under the age of 16. This report examined: (1) how ATVs are used and the advantages of their use; and (2) the nature, extent, and costs of ATV crashes. Illus. If you're an active ham radio operator, you probably have a story about your first radio contact. Many hams remember that experience even more than their first license examination.
