CONNECT - Surfing New Wave Marketing Oct 19 2022 "Sebagai sekuel dari buku New Wave Marketing, di dalam buku Connect! ini kami menjabarkan secara komprehensif mengenai "why", "what", dan "how" untuk menjalankan pemasaran New Wave. Dalam buku ini, kami tidak hanya berbicara tentang Connect! secara online, tapi juga offline. Karena penting untuk diklarifikasi bahwa New Wave Marketing, sebuah orde baru di dunia marketing, bukan Internet Marketing, Digital Marketing atau Online Marketing, meskipun Internet yang makin perkasa ini memaksa sebuah Company untuk terus Connect! Online memang bisa menimbulkan excitement dan engagement, tapi offline bisa lebih jauh ke intimacy dan enthusiasm! Dan, kalau keduanya digabung akan menjadi suatu Connection yang bersifat Physical, Intellectual, Emotional, dan Spiritual! Untuk sukses dalam melakukan Connection secara holistik seperti ini, pemasar perlu sadar akan tiga angkatan Connect! Yang pertama adalah mobile connect. Pertanyaan testangnya adalah "'Are you well-connected?'" baik online maupun offline. Tingkat dua adalah Experiential Connect. Pertanyaan yang relevan adalah "'How deep is your Connection?'" Bukan cuma hanya "'Are you well-Connected!" Dan, tingkat paling tinggi dalam Connect adalah Social Connect! Pertanyaan yang tepat sekarang adalah "How strong is the Connectivity?" Well-Connected is the Mobile Connect! Deep-Connection is the Experiential Connect! Strong-Connectivity is the Social Connect! Pemasar yang menunggangi ketiga hal tersebut untuk praktik 12Cs layak disebut sebagai The Connect-Ready New Wave Marketer! Pemasar yang siap menjalankan 12Cs dari New Wave Marketing! Karena itu, judul buku sekuel ini adalah Connect!: Surfing New Wave Marketing. Untuk melakukan surfing di laut pun Anda mesti siap dengan segala macam perlengkapan. Maka dari itu, siapkan diri. Connect! untuk mengurangi New Wave Marketing."

"...then he floated an "Off the lip, center my ass by bringing my board back under me recovery"-pretty awesome move and proof that his book is working." NOTE on the images Some readers have expressed dissatisfaction that the images in the book are black and white, not full color. Using color images in the print edition would have required a price of \$40 or \$50 per book just to break even. Clearly this was not an option. (The images in the Kindle edition are all the original full color.) There have also been some comments about the quality of the images. One problem is that printing on glossy or semi-gloss paper (which would have preserved the image quality) would also raise the cost to a prohibitive level. Again, the images in the Kindle edition look better than those in the print edition because there is no issue of paper quality. The other problem is that the best image in terms of quality is not always the best image to illustrate the point at hand. Taking good surf pictures is really pretty easy (shoot at 7 to 12fps and you're guaranteed to capture some great moments), but getting a good, clear image to illustrate a particular point, with the surfer's foot or arm or body in exactly the position you want to discuss, is amazingly hard. For the purposes of this book, sometimes demonstrating the point had to take precedence over maximum quality.

Surfing Through Time - Book One May 14 2022 Surfing Through Time is a two-volume set about "surfing for life." In the last several years, things have transpired that inspired me to write a life history of "Surfing Through Time." covering fifty-five years. It has been a process, like the genesis of most books. I wanted to answer some questions of and for myself. My answers may, in some way I hope, help you answer questions of and for yourselves. Your questions may look very different, but my description of both the underlying principles and the decision processes may help, since I think those aspects are appropriate to the experiences of all of us. Anyway, Book One is the story of creating one of the first beach side surfboard shops in New England in 1964, and then extending that (as the surfing wave swelled) to five shops over the period 1964-1968. The book celebrates all the people involved, and most of all, all the young people who started to surf during that period and have carried fond memories and a love for the ocean in both their bodies and their hearts to this day. What we learned about life, opportunity, challenges, and our own characters and skills has served us well, I believe. it also talks a good deal about a gentleman named Hobie Alter, who served as a kind mentor to me and is renowned for fostering surfing, making beautiful surfboards, and creating the "Hobie Cat" catamaran sailboat. I wrote my Harvard Business School Thesis on the Hobie Surfboard Company,

and the thesis is included as an appendix to Book One. Surfing Through Time Book Two will be out shortly. It extends the "surfing for life" adventures, fleshing out a story of both family and business life by adding a recreational third leg, "soul surfing" for fifty additional years. In my case, I believe I couldn't have achieved what I did without the contribution of practicing my favorite sport in the oceans worldwide. In each of the two books, I have tried to bring out the value of living life fully, treating the challenges and life lessons, and forming "precepts" which might be helpful you as well. One more thing about Surfing Through Time Book One, A Real 'Startup' - Surfing In New England 1964-1968 is that this narrative has also been well treated by famed filmmaker Will Lucas in his documentary film "Origins - The Narragansett Surf Shops 1964-1967." Much of the source material for Book One of "Surfing Through Time" and for the movie is common, and I am indebted to Will for his sensitivity and fidelity. Sadly, Will Lucas died in July of 2018, and my urgency in completing this narrative was magnified. As reiterated throughout, surfing is and was important to me, and both the sport and the concept have, undeniably, I suggest, become important in and to the culture. I wanted to write about those "waves," and to tie life and surfing's threads into one person's eighty year ocean tapestry. So why two books, and what are the underlying threads between the two (which, in many ways, is also a core thread in the movie "Origins...")? I guess the key thread is "Surfing For Life," which was actually an alternative title we considered for this book. Anyway, it is the story of our establishment of a surfboard business and the extension of the surfing culture in New England from its earliest roots to a robust wave which is still cresting, 50 years later. I hope you like it.

Cloud Surfing Jun 15 2022 When people hear "the Cloud," they think of cloud computing, just a sliver of what the Cloud is today. The Cloud has grown: it represents the consummate disruptor to structure; a pervasive social and economic network that will soon connect and define more of the world than any other political, social, or economic organization. The Cloud is the first megatrend of the twenty-first century, one that will shape the way we will address virtually every challenge we face for at least the next 100 years. It is where we will all live, work, and play in the coming decades. The Cloud is ?where your kids go to dive into online play. It's where you meet and make friends in social networks. It's where companies find the next big idea. It's where political campaigns are won and lost. Cloud Surfing is the groundbreaking book that will explain how to access the full value of the Cloud and how to embrace its possibilities.

Barbarian Days Dec 21 2022 Winner of the Pulitzer Prize and William Hill Sports Book of the Year: Barbarian Days is a deeply rendered self-portrait of a lifelong surfer looking for transcendence 'that recalls early James Salter' (Geoff Dyer, Observer) Surfing only looks like a sport. To devotees, it is something else entirely: a beautiful addiction, a mental and physical study, a passionate way of life. New Yorker writer William Finnegan first started surfing as a young boy in California and Hawaii. Barbarian Days is his immersive memoir of a life spent travelling the world chasing waves through the South Pacific, Australia, Asia, Africa and beyond. Finnegan describes the edgy yet enduring brotherhood forged among the swell of the surf; and recalling his own apprenticeship to the world's most famous and challenging waves, he considers the intense relationship formed between man, board and water. Barbarian Days is an old-school adventure story, a social history, an extraordinary exploration of one man's gradual mastering of an exacting and little-understood art. It is a memoir of dangerous obsession and enchantment. 'Reading this guy on the subject of waves and water is like reading Hemingway on bullfighting; William Burroughs on controlled substances; Updike on adultery. . . . a coming-of-age story, seen through the gloss resin coat of a surfboard' Sports Illustrated

What Makes A Proper Surf Shack Nov 15 2019 Many abodes can fall under the label of surf shack: New York City apartments, cabins nestled next to national parks, or tiny

Hawaiian huts. Surfing communities are overflowing with creativity, innovation, and rich personas. 'What Makes A Proper Surf Shack' takes a deeper look at surfers' homes and artistic habits. Glimpses of record collections, strolls through backyard gardens, or a peek into a painter's studio provide insight into surfers' lives both on and off shore. From the remote Hawaiian nook of to the woodsy Japanese paradise that the former, every space has a unique tale. The moments that these vibrant personalities spend away from the swell and the froth are both captivating and nuanced.

Creating Waves Oct 07 2021 Aaron Topp, himself a surfer, explores this close relationship, and the role surfing and the sea plays in the creative lives of a selection of leading musicians, painters, sculptors, poets and fellow writers. In a series of perceptive and revealing personal profiles, he discovers that, as we suspected, while surfers may function in normal society, in reality they're a few steps removed.

Surfing in New Smyrna Beach Sep 18 2022 New Smyrna Beach is a lovely slip of island off Central Florida's east coast, an inlet below the bustle of Daytona and worlds away. Legend tells us Ponce de Leon landed here before sailing to St. Augustine to found North America's oldest city. Bordered on the west by the Indian River and Mosquito Lagoon, the south by Cape Canaveral, the north by the notorious inlet of Crane's The Open Boat, and the east by the Atlantic, New Smyrna is paradise found. The town has fostered more world-class surfers than any other on earth. Here surfing is not a sport, hobby, or pastime. Surfing is a way of life with its own rules, language, culture, and customs. Open these pages to meet the pioneers and the professionals, the grommets, and maybe a kook or two.

Rockaway Apr 01 2021 The inspirational story of one woman learning to surf and creating a new life in gritty, eccentric Rockaway Beach Unmoored by a failed marriage and disconnected from her high-octane life in the city, Diane Cardwell finds herself staring at a small group of surfers coasting through mellow waves toward shore--and senses something shift. Rockaway is the riveting, joyful story of one woman's reinvention--beginning with Cardwell taking the A Train to Rockaway, a neglected spit of land dangling off New York City into the Atlantic Ocean. She finds a teacher, buys a tiny bungalow, and throws her not-overly-athletic self headlong into learning the inner workings and rhythms of waves and the muscle development and coordination needed to ride them. As Cardwell begins to find her balance in the water and out, superstorm Sandy hits, sending her into the maelstrom in search of safer ground. In the aftermath, the community comes together and rebuilds, rekindling its bacchanalian spirit as a historic surfing community, one with its own quirky codes and surf culture. And Cardwell's surfing takes off as she finds a true home among her fellow passionate longboarders at the Rockaway Beach Surf Club, living out "the most joyful path through life." Rockaway is a stirring story of inner salvation sought through a challenging physical pursuit--and of learning to accept the idea of a complete reset, no matter when in life it comes.

Ice Cream Headaches Feb 28 2021 Little known to many who live there and to the throngs of tourists who pass through each year, New York and New Jersey are home to a diverse and vibrant cold water surfing community. Ice Cream Headaches captures a snapshot of this often overlooked facet of America's most dense metropolis. Over a span of four years, writer Ed Thompson and photographer Julien Roubinet have logged more than 5,000 miles from Eastern Long Island to Cape May in South Jersey to interview and photograph forty surfers, surf board shapers, artists and documentarians of the culture personally. From local legend and Montauk fisherman Charlie Weimar to Pulitzer-prize-winning author William Finnegan and professional surfers with global followings such as Quincy Davis, Mikey De Temple and Balaram Stack, this new monograph highlights surfers who experiment with new forms, materials, ideas or surfing styles. Across 192 pages, the book features four essays rich with quotes and anecdotes, over 150 photographs, and a foreword by iconic portrait and surf photographer Michael Halsband. Ice Cream Headaches takes the reader inside the surf breaks and stomping grounds of the surfers who call New York and New Jersey home, surfers who are willing to pull on a 5mm wetsuit, wade through a foot of snow on the beach, and battle thirty mile per hour winds for a few fleeting moments inside a yawning barrel.

Surfing the Edge of Chaos Jan 22 2023 Every few years a book changes the way people think about a field. In psychology there is Daniel Goleman's Emotional Intelligence. In science, James Gleick's Chaos. In economics and finance, Burton Malkiel's A Random Walk Down Wall Street. And in business there is now Surfing the Edge of Chaos by Richard T. Pascale, Mark Millemann, and Linda Gioja. Surfing the Edge of Chaos is a brilliant, powerful, and practical book about the parallels between business and nature -- two fields that feature nonstop battles between the forces of tradition and the forces of transformation. It offers a bold new way of thinking about and responding to the personal and strategic challenges everyone in business faces these days. Pascale, Millemann, and Gioja argue that because every business is a living system (not just as metaphor but in reality), the four cornerstone principles of the life sciences are just as true for organizations as they are for species. These principles are: Equilibrium is death. Innovation usually takes place on the edge of chaos. Self-organization and emergence occur naturally. Organizations can only be disturbed, not directed. Using intriguing, in-depth case studies (Sears Roebuck, Monsanto, Royal Dutch Shell, the U.S. Army, British Petroleum, Hewlett Packard, Sun Microsystems), Surfing the Edge of Chaos shows that in business, as in nature, there are no permanent winners. There are just companies and species that either react to change and evolve, or get left behind and become extinct. Some examples: Parallels between Yellowstone National Park and Sears show why equilibrium is a dangerous place in both nature and business. How Monsanto used a "strange attractor" to move to the edge of chaos to alter its identity and transform its culture. The unlikely story of how the U.S. Army embraced the ideas of self-organization and emergence. Why the misapplication of linear logic (reengineering a business or attempting to eradicate predators in nature) will inevitably fail. The stories in Surfing the Edge of Chaos are of pioneering efforts that show how the principles of living systems produce bottom-line impact and profound transformational change. What's really striking about them, though, is their reality. They are about success and failure, breakthroughs and dead-ends. In short, they are like the business you are in and the challenges you face.

Gone Surfing Feb 11 2022 Takes an in-depth look at the roots of surfing in New Zealand, and the beginnings of New Zealand's first alternative lifestyle.

Surfer Girls in the New World Order Jul 04 2021 In Surfer Girls in the New World Order, Krista Comer explores surfing as a local and global subculture, looking at how the culture of surfing has affected and been affected by girls, from baby boomers to members of Generation Y. Her analysis encompasses the dynamics of international surf tourism in Sayulita, Mexico, where foreign women, mostly middle-

class Americans, learn to ride the waves at a premier surf camp and local women work as manicurists, maids, waitresses, and store clerks in the burgeoning tourist economy. In recent years, surfistas, Mexican women and girl surfers, have been drawn to the Pacific coastal town's clean reef-breaking waves. Comer discusses a write-in candidate for mayor of San Diego, whose political activism grew out of surfing and a desire to protect the threatened ecosystems of surf spots; the owners of the girl-focused Paradise Surf Shop in Santa Cruz and Surf Diva in San Diego; and the observant Muslim woman who started a business in her Huntington Beach home, selling swimsuits that fully cover the body and head. Comer also examines the Roxy Girl series of novels sponsored by the surfwear company Quiksilver, the biography of the champion surfer Lisa Andersen, the Gidget novels and films, the movie Blue Crush, and the book Surf Diva: A Girl's Guide to Getting Good Waves. She develops the concept of "girl localism" to argue that the experience of fighting for waves and respect in male-majority surf breaks, along with advocating for the health and sustainable development of coastal towns and waterways, has politicized surfer girls around the world.

The Drop Dec 17 2019 In this revelatory and original book, award-winning author of the acclaimed surf memoir *On a Wave* illuminates the connection between waves, addiction, and recovery, exploring what surfing can teach us about the powerful undertow of addictive behaviors and the ways to swim free of them. Addiction is arguably the dominant feature of contemporary life: sex, gambling, exercise, eating, shopping, Internet use—there's virtually no pleasurable activity that can't morph into a destructive obsession. For Americans under the age of fifty-five, the leading cause of death is drug overdose. But there is another side of addiction. In some instances, the very activities that can lead to addiction can also lead out of it. As neurologists have recently discovered, surfing is a kind of study in the mechanism of addiction, delivering dopamine to the "pleasure" center of the brain and reshaping priorities and desire in a feedback loop of narrowing focus. Thad Ziolkowski knows this dynamic intimately. A lifelong surfer, he has been surrounded by addiction since his boyhood. In this unique, groundbreaking book, part addiction memoir, part sociological study, part spiritual odyssey, Ziolkowski dismantles the myth of surfing as a radiantly wholesome lifestyle immune to the darker temptations of the culture and discovers among the rubble a new way to understand and ultimately overcome addiction. Combining his own story with insights from scientists, progressive thinkers and the experiences of top surfers and addicts from around the world, Ziolkowski shows how getting on a board and catching a wave is a unique and deeply instructive means of riding out of the darkness and back into the light. Yet while surfing is his salvation, its lessons can be applied to other activities that can pull us free from the lethal undertow of addiction and save lives.

It goes a long way towards explaining the hook that keeps people addicted to surfing and provides some personal lessons that can be applied to all walks of life" - Charlie Spurr - The Museum of British Surfing "Once I started reading, I couldn't put it down. The writing is wonderful and Simon really nails it when he defines what an average surfer is and how surfing affects us all" - Imi Barneaud, The Ocean Riders Podcast "Short uses the term "average" not as in mediocre, but to make it relatable to the masses of surfers who are not professionals, and not beginners, but the wave-riders in between. He teaches life lessons with every chapter. You can be scared, intimidated, proud and brave, all in one session" - The Orange County Register From the author of "A Story about Surfing, Identity and Depression" comes the #1 New Release 'The Average Surfer's Guide' The Average Surfer's Guide to Travel, Waves and Progression is a book about surfing as much as it is about mental health, life balance and prioritizing one's passions. The author explores the metaphysical effects of surfing, the biological effects of surfing and how the sport, percolated into a lifestyle opens us up to travel, adventure, community and a true belonging and identity. The book takes us into situations that many are familiar with, but few of us speak of. Short bravely shares details from his darker days fighting a severe depression before learning some valuable life lessons. "Simon Short sat at the end of a Newport Beach rock jetty in the darkness, clutching a gun and ready to end his life as his depression hit an all-time low. For years, Short thought he was on the right track. The surfer from England moved to California after visiting for a surf trip in his early 20s, met a girl who became his wife and had a career as a police officer near Palm Springs. This was what he was supposed to do, right? When it all came crashing down a few years later, he found himself staring out into the ocean, the place that had been his one constant source of solace since he was a teen." Feb 2019 - The OC Register The Average Surfer's Guide takes a unique approach by forgetting the glamour of professional surfing and telling honest, humorous and engaging stories from a true, every-day, average surfer. The book teaches us how to progress away from complacency, both in our surfing and our everyday lives. In the end, this book will make you a better surfer. Not through technique but through teaching a new mindset and outlook towards life and surfing. The Average Surfer's Guide takes us on a journey from dark to light and teaches us how to live a true, balanced life that is authentic to who we are and what makes us happy. In this case, surfing.

She Surf Jun 03 2021 Join the celebration of the diverse, vibrant, and engaged community of women riding and making waves around the globe. While surfing is usually seen as a male domain, women have long been nurturing their own water

stories and claiming their rightful place in the world of this sport. She Surf hails the females, past and present, who are engaged in expanding the art of surfing. Through exclusive interviews and evocative imagery, the book travels from the iconic waves of Hawaii to remote locations in Morocco. Learn about the forgotten stories of Polynesian surfing princesses, pioneering wave riders from the 1960s, and the contemporary movers and shakers shaping the scene. This book is an exciting reflection on what it means to be a female surfer and what it means to be moved to action by the beauty of the sea.

Making Good Men Great Nov 20 2022 A straight to the point no nonsense approach to men's issues, *Making Good Men Great: Surfing the New Masculinity* takes a look at the present state of masculinity and throws down a challenge. Men need to give up the old ideas of what it is to be man. With thirty-five years of counselling, mentoring, coaching and teaching experience, Gunter Swoboda, a psychologist, author, and speaker has distilled his knowledge and experience towards helping the everyday guy to understand how to move out of simply surviving day-to-day and to begin to thrive and regain a sense of purpose and dignity in himself and his relationship.

Surfing with Sartre Aug 17 2022 From the bestselling author of *Assholes: A Theory*, a book that—in the tradition of *Shopclass as Soulcraft*, *Barbarian Days* and *Zen and the Art of Motorcycle Maintenance*—uses the experience and the ethos of surfing to explore key concepts in philosophy. The existentialist philosopher Jean-Paul Sartre once declared "the ideal limit of aquatic sports . . . is waterskiing." The avid surfer and lavishly credentialed academic philosopher Aaron James vigorously disagrees, and in *Surfing with Sartre* he intends to expound the thinking surfer's view of the matter, in the process elucidating such philosophical categories as freedom, being, phenomenology, morality, epistemology, and even the emerging values of what he terms "leisure capitalism." In developing his unique surfer-philosophical worldview, he draws from his own experience of surfing and from surf culture and lingo, and includes many relevant details from the lives of the philosophers, from Aristotle to Wittgenstein, with whose thought he engages. In the process, he'll speak to readers in search of personal and social meaning in our current anxious moment, by way of doing real, authentic philosophy.

Double Up - A M/M Hawaiian Surfing New Adult Romance (Ohana Surfing Club - Book Three) Aug 25 2020 Noah and I were like a double-up wave. Together we were stronger and more powerful. Zayden It didn't matter if I was well-behaved or a good son. My parents refused to accept that I wasn't a sinner when I kissed a boy at fifteen years old. I soon found myself without parents and a home. But fate had other plans for me when desperation had me stealing a surfboard. The owners of the surf shop I stole from took me under their wing and fostered me. It was then that I met the blond boy, so full of love and sunshine, who would become the love of my life. Noah I tried hard to be a good son, taking care of my mom whenever she was on one of her drunken binges, which was all the time. But it was exhausting. I needed a break and a job. That was when I met the feral and angry boy with golden eyes. He was desperate for a friend and I wanted to be that person. His surfing club hired me so that I could finally find my way out from my mother's suffocation. It was also there that I found someone who would love me without conditions. Zayden and Noah had been together for five years, loving and supporting each other, through ups and downs. Will they survive the next trial life just tossed at them? CW: Abandonment, alcoholism, underage drinking and pot smoking, homophobia, bullying, explicit language, and sex. Not for readers under 18. This book can be read as a standalone, but like any series, it's always appreciated more if read in order.

Surfing Uncertainty Oct 15 2019 This title brings together work on embodiment, action, and the predictive mind. At the core is the vision of human minds as prediction machines - devices that constantly try to stay one step ahead of the breaking waves of sensory stimulation, by actively predicting the incoming flow. In every situation we encounter, that complex prediction machinery is already buzzing, proactively trying to anticipate the sensory barrage. The book shows in detail how this strange but potent strategy of self-anticipation ushers perception, understanding, and imagination simultaneously onto the cognitive stage.

Mindfulness and Surfing Sep 25 2020 Mindfulness and Surfing casts a fresh perspective on this popular sport, and explores how riding the waves can be the ultimate meditation. Engaging author Sam Bleakley takes us on a soulful journey across the tideline of his personal and philosophical travels. Through lunar cycles and river surfing to the Taoism of nature, he reveals an acute awareness of what the oceans can tell us about our place in the natural world. Meditating on one of nature's greatest elements - its salty swells, flow and peaks - he shares life lessons in mindfulness that will be relished by surfer and non-surfer alike.

Women on Waves Jan 30 2021 A captivating look at two centuries of surfing—"the Sport of Queens"—from Native Hawaiian royalty to the breakout style and jaw-dropping feats on the waves today. Few subjects in the world of sports and or the outdoors is more timely or compelling than women's surfing. From smart, strong, fearless women shattering records on 80-foot waves to professional athletes fighting for equal pay and a more fair and just playing field, these amazing, wave-riding warriors provide an inspirational and aspirational cast of powerful role models for women (and men) across all backgrounds and generations. Over the past two-hundred years, and especially the past five decades, the surfing lifestyle have become the envy of people around the world. The perception of sun, sand, surf, strong young women and their inimitable style, has created a booming lifestyle and sports industry—and the sport that is set to make it's Olympic exhibition debut in Tokyo 2021. A massive shift from when colonizers tried to extinguish all traces of Native Hawaiian surfing and its sacred culture. What is it about the surfing that intrigues people of all ages, from all corners of the world? The beaches and idyllic locations? The unique style and mystique that surfers project? These women, on the beach and riding giant waves, or in the media, have made their mark on not just their sport, but our wider culture. *Women on Waves* is filled with phenomenal athletic performance, breakthrough female achievements, and plenty of inspiration and fun to see us through until the time when we can all hit the surf once more! Spanning a millennia, From Hawaii to Malibu, New York to Australia, South Africa to the South Pacific and beyond, Jim

Kempton presents a fascinating new narrative that will captivate anyone who loves sports and the outdoors.

The Surf Photography of Logan Murray Jul 24 2020 Logan Murray is a name that has been synonymous with surfing in New Zealand since most surfers can remember. He is indisputably this countrys most well-known surf photographer and he has held that position for more than three decades. In 2001 he became the first photo-journalist to be inducted into the New Zealand Surfing Hall of Fame. The majority of the photographs in this book - empty wave and line-up photography, surf action on both shortboard and longboard, and a number of rural scenic shots - will be seen here by eyes other than Logan Murrays for the first time ever. THE SURF PHOTOGRAPHY OF LOGAN MURRAY is a superbly produced coffee table book of beautiful images - a book that is already part of New Zealand's history.

Surfing the Asian Wave Jan 10 2022 An exhilarating guide to success as Asia and the West converge

Surf NYC Feb 17 2020 New York surfing is mad. Breaks are hard to access, waves are inconsistent, winter (which produces the best waves) is brutal. You might risk almost anything just so you don't hear those famous words, "You should have been here an hour ago." Follow dedicated wave hunters to the end of the A-train and beyond and peek into this passionate way of life through authentic photography and several surfers' personal journeys. Discover what it takes to brave the cold Atlantic Ocean and get a fresh insight on the Big Apple's hidden surf subculture. An adventurous photographer has developed relationships with local surfers, absorbed scarcely available knowledge about the ocean and climate, and placed herself in these elements without reservation. To respect the locals and their underground culture, there is no mention of where the specific action takes place. Locations may include Rockaway, Montauk, Long Beach, Lido Beach, and Northern New Jersey.
