*The Secret Life of the Mind: How Our Brain  
Thinks, Feels and Decides Oct 14 2019 •  
Where do our thoughts come from? • How can  
we manipulate our dreams? • What is the role  
of the unconscious? • How do we make choices  
and trust the judgement of both others and  
ourselves? These are some of the questions  
in this groundbreaking, personal and  
comprehensive guide into understanding our  
thoughts.*

*Los invitados de la princesa May 21 2020 La  
presidenta de Santa Clara, conocida  
popularmente como la Princesa, quiere  
convertir su pequeña república isleña en  
referencia cultural del mundo. Para ello  
convoca a escritores y artistas para*

celebrar un magno Festín de la Cultura. Sin embargo, un inoportuno volcán interfiere en sus planes y su nube de cenizas hace imposible que anfitriona en invitados se reúnan en la isla. El joven periodista Xavi Mendia, enviado especial de Mundo Vasco, levanta acta de la paradójica situación y escucha las historias que cuentan unos y otras mientras todos esperan poder salir de allí: relatos de pasiones y terrores, intrigantes y fantásticos, en los que no faltan las perplejidades de la cultura contemporánea y hasta aparece la sombra de un vampiro...

*Childhood Regained* Jun 02 2021 This is a collection of chapters, each on a favorite book or author of Savater's, and each book or author is an example of an archetype of literature. Savater does not write academic analysis, but as someone who reads and loves literature. He recalls the enthusiasm of a child reading a good story for the first time, and he recalls the stories he has re-read and remembered.

*Etica Para Amador* Dec 20 2022 "Este libro -advierde el autor- no es un manual de ética para alumnos de bachillerato. No contiene

información sobre los más destacados autores y más importantes movimientos de la teoría moral a lo largo de la historia... Este libro no es más que eso, sólo un libro. Personal y subjetivo, como la relación que une a un padre con su hijo; pero por eso mismo universal como la relación entre padre e hijo, la más común de todas. Ha sido pensado y escrito para que puedan leerlo los adolescentes: probablemente enseñará muy pocas cosas a sus maestros. Su objetivo no es fabricar ciudadanos bienpensantes (ni mucho menos malpensados) sino estimular el desarrollo de librepensadores" .

*Disordered Minds Jun 21 2020 Disordered Minds offers a compelling and timely account of the dangers posed by narcissistic leaders, and provides a stark warning that the conditions in which this psychopathy flourishes - extremes of social inequality and a culture of hyper-individualism - are the hallmarks of our present age. 'An excellent account of how malignant narcissism is evident in the lives of the great dictators, and how the conditions in which this psychopathy flourishes have returned to haunt us.'* Dr Kieran Keohane, editor of *The Social Pathologies of Contemporary Civilization*

*On Law and Legal Reasoning Mar 19 2020 This book is about legal theory and legal reasoning. In particular, it seeks to examine the relations that obtain between law and a theory of law and legal reasoning and a theory of legal reasoning. Two features of law and legal reasoning are treated as being of particular importance in this regard: law is institutional, and legal reasoning is formal. These two features are so closely connected that it is reasonable to believe that in fact they are simply two ways of looking at the same issue. This becomes clearer as the focus of the book shifts from the institutional nature of law to the consequences of this for legal reasoning, and which is the principal focus of the book. The author received the European Academy of Legal Theory award in 2000 for the doctoral dissertation on which this work was based.*

*Bilbao-New York-Bilbao Nov 07 2021 The day he knew he was going to die, Liborio Uribe took his young daughter in law to the Museum of Fine Arts to show her a picture. Liborio had spent his entire life at sea, like his*

son José, living out unforgettable adventures which would later fade into obscurity. Years after, faced by the same painting, Liborio's grandson Kirmen, a writer and poet, uses these family stories to write a novel. Bilbao-New York-Bilbao takes place during a flight to New York and tells the story of journeys by three generations of the same family. The key to the book is Liborio's fishing boat, the Dos Amigos: who are these two friends, and what is the nature of their friendship? Through letters, diaries, emails, poems and dictionaries, Kirmen creates a mosaic of memories and stories that combine to form a homage to a world that has almost disappeared, as well as a hymn to the continuity of life. It is also a reflection on the art of writing, and lies between life and fiction. "Uribe has succeeded in realizing what is surely an ambition for many writers: a book that combines family, romances and literature, anchored deeply in a spoken culture but also in bookishness - and all without a single note of self-congratulation." - TLS "The novel is set in an absolutely modern territory, the usual place of key writers of our time such as Emmanuel Carrere, WG Sebald, Orhan Pamuk and

*JM Coetzee.*" - Sudouest "This book is as beautiful as a memory." - Le Figaró "Uribe's literary proposal is entirely fresh and innovative. A novel of our time. This writer who comes from a 'small country' begins his journey through the field of universal literature, searching for transnational communication." - Mainichi Shimbun "A splendid novel, which the reader acknowledges like a hug." - El País "Beautiful. It has the rare quality of attending to tradition without sounding like folk, and being modern without rejecting those that were so before." - ABC "This ingenious and original historiographical novel tells the story of its own writing, as Uribe explores the history of his family and the Basque Country fishing community of which they have long been a part. Framed by the author's plane journey to the States, the web of digressions is mapped by ever-lengthening and constantly entwining cultural tendrils as the family diffuses around the world, led off by his father's trawler. The intersection between truth and storytelling is a particularly potent theme, contrasting the prosaic and the poetic, the pragmatic and the romantic. It's a view from the inside of the novel, looking out upon

the reader in consideration of what might prove engaging, a metafictional conceit made engaging by the genial candour of Uribe, or at least his novelistic avatar, as he explores the process of researching and honing his book. Huge credit must go to Wales-based indie Seren Books for bringing this book to English-language readers; it's extraordinary that this winner of Spain's prestigious Premio Nacional de Literatura wasn't picked up by a major publisher." - Jonathan Ruppin, *Foyles Best Fiction: 2014*

Mira por dónde Feb 16 2020 Con una mezcla de ternura, ironía, melancolía, acidez y sentido del humor, el filósofo relata la historia de su vida, o más bien "lo que la vida ha hecho conmigo", como él prefiere describirlo. La primera parte se ocupa de su infancia en San Sebastián, la etapa más feliz de su vida. La segunda recoge sus recuerdos de adolescencia y primera juventud, hasta la muerte de Franco cuando Savater contaba veintiocho años. La tercera parte abarca hasta hoy mismo, y se centra en su compromiso político. El autor se explaya en sus gustos, sus aficiones y sus preferencias. Las lecturas de infancia, las carreras de caballos, los filósofos que siempre le acompañan o los lugares y las

personas que ama forman parte de esta historia. En esta obra única, cargada de saber y sentimiento, el autor mira los tramos del camino recorrido, consciente de que uno no lo puede contar todo de sí mismo.

*The First Person and Other Stories* Jan 09 2022 *The First Person and Other Stories* is the fourth collection of short stories by Ali Smith. *The First Person and Other Stories* effortlessly appeals to our hearts, heads and funny bones. Always intellectually playful, but also very moving and funny, Smith explores the ways and whys of storytelling. In one, a middle-aged woman conducts a poignant conversation with her

*gauche fourteen-year-old self. In another, an innocent supermarket shopper finds in her trolley a foul-mouthed, insulting and beautiful child. Challenging the boundaries between fiction and reality, a third presents its narrator, 'Ali', as she drinks tea, phones a friend and muses on the relationship between the short story and - a nymph. Innovative, sophisticated and intelligent, the stories in The First Person and Other Stories are packed full of ideas, jokes, nuance and compassion. Ali Smith and the short story are made for each other.*

*'Smith's is a profoundly optimistic vision. These stories are frightening yet funny, and the sheer exuberance and playfulness of her language endows dark matters with a lightness of touch' New Statesman 'She's a genius, genuinely modern in the heroic, glorious sense' Alain de Botton 'Terrific . . . hurrah for Ali Smith . . . The best short-story writers make it look as easy as making a cup of tea. Ali Smith is one of these . . . A bold and brilliant collection of stories by a writer unafraid to give it to us as it is' Times 'A glorious collection that celebrates and subverts the short story form' Independent*

classic compilation of psychological case studies from a master clinician and lyrical writer Each generation of therapists can boast of only a few writers like Deborah Luepnitz, whose sympathy and wit shine in her fine, luminous prose. In Schopenhauer's Porcupines, she recounts five true stories from her practice, stories of patients who range from the super-rich to the destitute, who grapple with panic attacks, psychosomatic illness, marital despair, and sexual recklessness. Intimate, original, and triumphantly funny, Schopenhauer's Porcupines goes further than any other book in illuminating "how talking helps."

Las preguntas de la vida Jul 23 2020 ¿Para qué sirve la filosofía? Estamos acostumbrados a que la ciencia resuelva muchas de nuestras perplejidades y problemas, pero ciertas preguntas continúan abiertas porque no admiten ninguna solución definitiva y se repiten de generación en generación. Son las cuestiones acerca de la muerte, de la verdad, del universo, de la libertad, de la justicia, de la belleza, del tiempo... La filosofía no pretende contestarlas de una vez por todas, sino que sigue enseñando a plantearlas de forma cada vez más enriquecedora, mientras avanza

respuestas tentativas para ayudarnos a convivir racionalmente con ellas. Porque es mejor mantener abiertas las grandes preguntas que contentarse apresuradamente con las pequeñas respuestas...Este libro quisiera ser una iniciación elemental a la reflexión filosófica, tanto para uso de quienes se acercan por primera vez al estudio de la filosofía en el bachillerato como de aquellos otros que a cualquier edad aspiran a conocer los fundamentos de esta tradición intelectual.

The Cosmopolitan Tradition Jul 03 2021 The cosmopolitan political tradition defines people not according to nationality, family, or class but as equally worthy citizens of the world. Martha Nussbaum pursues this "noble but flawed" vision, confronting its inherent tensions over material distribution, differential abilities, and the ideological conflicts inherent to pluralistic societies.

Daughters of Spain Dec 16 2019 With Spain now united, Ferdinand looked to his daughters to further his ambitions. All too often, Isabella found herself torn between his brilliant plans and her love for her

children. During the last years of Isabella's reign it seemed there was a curse on the royal house which struck at the children of the sovereigns. Tragedy followed tragedy - the Infanta Isabella, a broken-hearted widow; Juana, driven to madness by her husband's philandering; and the sorrow of parting with young Catalina, destined to become Katharine of Aragon, wife to Henry VIII and Queen of England ...

Corporate Risks and Leadership Sep 24 2020  
The context of business has been changing for companies in recent years, and following numerous corporate and accounting scandals, many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law. Because of the existence of these new regulations, the level of control, the severity of sanctions by governments, and the amount of the fines for noncompliance have increased dramatically. In parallel, with the technological revolution in communications, business management has become more transparent, and any negative event is uploaded to social networks and shared with an indeterminate number of people. This change in the regulatory, sanctioning and

technological context has forced large companies to rethink risks, investments and budgets to deal in this more complex environment. To transition to this change, some companies have included ethics and compliance programs in their corporate agenda, along with marketing and sales plans, strategies, growth targets, investment plans and/or talent acquisition. While each industry has its particular risks, in this book, the author describes the essential elements that any effective ethics and compliance program should contain. This book is a source of information that connects yesterday with today. The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves. The book covers theories of ethics but with an eye focused on practical application. Risks, ethics, and compliance are analyzed with an overall vision, connected to the reality of business life, without getting bogged down in abstract thinking or in technical and regulatory details. Ethics and compliance are disciplines that have increasingly achieved greater recognition in

organizations. Thus, due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors, it seems appropriate that executives get access to a book about risks, ethics, compliance and human resources directed not only to compliance experts but also to any organizational leader. This book is a wake-up call that allows business leaders to understand the benefits of implementing an effective ethics and compliance program that will help members of organizations to make the right decisions and act within the law. If they do, they can better prevent and react to the difficult obstacle course of risks, dangers and threats that organizations face and that may jeopardize the sustainability, resilience, and survival of companies.

Ética para la empresa Nov 26 2020 Un libro accesible que plantea los temas cruciales de la ética en una de las entidades más representativas de nuestro tiempo: la empresa. «¿Se reducen los intentos de moralizar la empresa a una serie de piadosos deseos ilusorios o, aún peor, a simple maquillaje de la explotación desvergonzada de recursos naturales y seres humanos? Es

curioso que los acontecimientos financieros en Estados Unidos y otros países que han llevado al desastre de la crisis, con sus ejemplos de desvergüenza y abuso de las posiciones de privilegio con las peores consecuencias empresariales, han reforzado la idea de que prescindir de toda consideración ética en los negocios no solo es indecente sino también y, sobre todo, imprudente.» Fernando Savater En *Ética para la empresa*, Fernando Savater reflexiona sobre cuestiones de la deontología empresarial y analiza, desde un punto de vista ético, el mito del hombre nuevo y la decadencia del concepto de experiencia que se vive en las empresas de hoy en día.

*Politica Para Amador / Politics for Amador (Average Joe) Jul 15 2022* Se dice que a los jóvenes actualmente no les interesa la política. Pero ¿quién sabe un joven hoy de política? Aparte de los escándalos aireados por la prensa, las zancadillas que los partidos se ponen unos a otros y las exaltadas predicas utópicas de los demagogos, saben muy pocas cosas más. En este libro se plantean de forma elemental pero rigurosa las cuestiones básicas que interesan al pensamiento político, tanto en el ámbito teórico como en el práctico: ¿qué significa la

libertad política, cuáles son las formas de igualdad, a qué solidaridad puede aspirarse Fernando Savater nos habla de los fundamentos que tienen las organizaciones sociales, pero también de cuestiones inmediatas como el militarismo, la ecología, la corrupción política, el racismo, el nacionalismo, etc. Esta edición incorpora un nuevo prólogo y un singular diccionario político. /

Amador Jan 21 2023 In Amador, Fernando Savater writes in the form of a letter to his teenage son about ethics, morals and freedom in today's society.

Fernando Savater Aug 24 2020 La presente obra intenta dilucidar la propuesta ética y política de Fernando Savater, cuál es el fundamento de su ética, cuál el criterio de

moralidad, cuál su idea de democracia. La segunda mitad del siglo XX asistió a una sorprendente y necesaria recuperación de la filosofía moral. La ética ha vuelto a aparecer, no sólo en el discurso filosófico, sino que está adquiriendo un papel mucho más central del que tuvo en otros periodos históricos. El boom del libro de divulgación de Fernando Savater, *Ética para Amador*, obliga a una reflexión seria sobre las posibilidades y los límites de este planteamiento ético. Se pretende también averiguar los corrimientos que ha sufrido esta ética en el decurso histórico. La presente obra hace una revisión profunda de la situación ética actual, así como en el contexto moderno y posmoderno.

*An Enquiry Concerning the Principles of Morals* Nov 14 2019

*How to Live* May 01 2021 How to get on well with people, how to deal with violence, how to adjust to losing someone you love? How to live? This question obsessed Renaissance nobleman Michel Eyquem de Montaigne

(1533-92), who wrote free-roaming explorations of his thought and experience, unlike anything written before. Into these essays he put whatever was in his head: his tastes in wine and food, his childhood memories, the way his dog's ears twitched when it was dreaming, events in the appalling civil wars raging around him. *The Essays* was an instant bestseller, and over four hundred years later, readers still come to him in search of companionship, wisdom and entertainment - and in search of themselves. This first full biography of Montaigne in English for nearly fifty years relates the story of his life by way of the questions he posed and the answers he explored.

*Sobre vivir Jan 29 2021* Este conjunto de ensayos breves y artículos va precedido de una cita en la que Kierkegaard afirma: “ Como todo devenir, la vida es polémica”, y

*voluntaria o involuntariamente, casi todos los textos de este libro han nacido bajo el signo de la polémica. La selección de temas no puede ser más variopinta: de la novela policíaca al antimilitarismo, del vino a las películas de vaqueros, del paisaje de los cuentos infantiles a a los relatos de espada y brujería... El conjunto es algo así como el diario cultural de un intelectual español atento a su tiempo, que se pretende a la vez lúdico e ingenuo, enfrentado cotidianamente al reto de la literatura, el cine, la política o la historia. En resumen, al desafío de la propia vida.*
