"From estimating start-up costs and finding clients to how to stay profitable even in slow economic climates, this book takes you through every aspect of setting up and running a thriving home-based professional organizing business. Look for useful charts and worksheets including start-up costs checklist, client intake form, assessment visit/working agreement, sample invoice, and marketing plan worksheet."--Page 4 of cover. Often the biggest challenge for the young entrepreneur is coming up with a great business idea, but with a huge range of suggested business types and start-up ideas, along with real-life testimonies from young people who have set up successful businesses this book is bound to inspire the reader and give them the confidence necessary to become a successful young entrepreneur. The authors' down-to-earth, accessible style will make for an easy and enjoyable read without being patronising. Full of examples and tips, it will provide plenty of ideas for things to go away and do now. Get it right—from the start! "Entrepreneurship is like a roller coaster ride, exhilarating yet terrifying . . . Allow Ingrid to guide you" (Adam Franklin, bestselling author of *Web Marketing That Works*). Often, people leap into starting a business to pursue their passion without fully realizing what they've gotten themselves into. They may love what they do—but the financial and administrative side of the business ends up being more than they bargained for. *So You Want to Start a Business* takes you through the seven essential elements required to create a thriving business. With examples, exercises, and invaluable guidance, Ingrid Thompson provides a practical guide to unleashing one's inner entrepreneur. With over twenty years' experience helping people create successful businesses, Ingrid knows exactly how to help people decide what kind of business to start—and start out on the right foot. *Helpful, Accessible Guidance for Budding Hedge Funds* *So You Want to Start a Hedge Fund* provides critical lessons and thoughtful insights to those trying to decipher the industry, as well as those seeking to invest in the next generation of high performers. This book foregoes the sensational, headline-grabbing stories about the few billionaire hedge fund managers to reach the top of the field. Instead, it focuses on the much more common travails of start-ups and small investment firms. The successes and failures of a talented group of competitive managers—all highly educated and well trained—show what it takes for managers and allocators to succeed. These accounts include lessons on funding, team development, strategy, performance, and allocation. The hedge fund industry is concentrated in the largest funds, and the big funds are getting bigger. In time, some of these funds will not survive their founders and large sums will get reallocated to a broader selection of different managers. This practical guide outlines the allocation process for fledgling funds, and demonstrates how allocators can avoid pitfalls in their investments. *So You Want to Start a Hedge Fund* also shows how to: Develop a sound strategy and raise the money you need Gain a real-world perspective about how allocators think and act Structure your team and investment process for success Recognize the patterns of successful start-ups The industry is approaching a significant crossroads. Aggregate growth is slowing and competition is shifting away from industry-wide growth, at the expense of traditional asset classes, to market share capture within the industry. *So You Want to Start a Hedge Fund* provides guidance for the little funds—the potential future leaders of the industry. How to turn your idea into a business venture? How to start a business? How to develop your idea and create your own business? Which ways for a startup? If you are stuck in that questions, then this book is for you This book shows you how to develop your own ideas and turn them into your business if you: - Are planning to start a new business venture and are at the idea or early planning stages. - Would like some techniques and a process that you can follow to research and test out your idea before you take the next step. - Would like to know how to protect your interests when starting a new business. - Are short on time and money and want some useful methods, and resources to help you avoid the pitfalls associated with starting a new business."Are planning to start a new business venture and are at the idea, or early planning stages. - Would like some techniques and a process that you can follow to research and test out your idea before you take the next step. - Would like to know how to protect your interests when starting a new business. - Are short on time and money and want some useful methods, and resources to help you avoid the pitfalls associated with starting a new business. Professional Wedding Planners MUST HAVE THIS Book! Whether you're just getting started or need to improve your business.Used by the most premier industry educators, "How to Start a Wedding Planning Business" is unlike any other instruction manual for the business of planning weddings. From a \$250,000 fête for a seven-year-old Florida girl, complete with helicopter rides, to \$100,000 first birthday parties as reported in the New York Times, this is rapidly becoming the gilded age of children's birthday parties. The cost of these events now averages between \$200 and \$400, fueled by pressure to "keep up with the Joneses." Couple this surge in interest with the fact that births in the United States have exceeded 4 million each year since 2000, and you have a waiting and growing market. Planning such events has become a profession in itself. More and more, parents are turning to event consultants to plan their children's celebrations. If you've dreamed of your own home business, planned parties for your own children, and want to put your creative ideas to work, this book is for you. Packed with organizing tips, guidelines, checklists, and more, How to Start a Home-Based Children's Birthday Party Business will help you hit the ground running. This new edition of starting a home-based secretarial service includes useful information on start-up costs, zoning regulations, how to attract first time customers,, keeping prices profitable and competitive and easy-to-use worksheets. Your guide to finally building that side hustle that you've been dreaming of. The first step is always the most difficult. This book helps you take that first step and move towards a real side hustle. Money.msn.com has named being an Etsy-based Business Operator one of the top ten ideas for retirees. Are you willing to give your house and breakfast in exchange for a good sum of money? Start an Airbnb business. An average Airbnb owner or host earns about \$924 a month. With or without property, you can make money on Airbnb. The principles are simple, though tricky. You will discover how to start a profitable Airbnb business, and learn the secrets of succeeding within the shortest possible time. If you are passionate about starting a business and you are used to wicks, soy blends, probably with the full knowledge of a perfect scent, then going into a candle business may be a good fit for you. This book you are about to read is a perfect guide on how to start a candle-making business; a step-by-step guide for turning your candle-making skill into a multimillion-dollar business. If you finally decide to go into candle making business you will become a craftsman as well as an entrepreneur. If that is the case, you are putting your creative talents and business acumen to good use as you are likely to cut a piece of the huge candle market. This book will give you an insight into the steps and resources you need to launch a candle-making business. Candle-making business can be very demanding, but at the same time, can be very fun and rewarding. Before you allow your excitement to push you into what you may not have the appropriate experience, pause and consider following this guide first. To make headway in this business, you will need to put in place your financial, legal, technical, and marketing ducks in a row. This is your chance to explore a new market, full of opportunities for a huge profit. TAGS: Scented candles recipe, Homemade candles for beginners, Essential oils and soy wax, Business plan for a startup, How to make candles that smell good, Home-based business opportunities, Sell candles at home In 1993, Tony Magee, who had foundered at every job he'd ever had, decided to become the founder of a brewery. So You Want to Start a Brewery? is the thrilling first-person account of his gut-wrenching challenges and unexpected successes. Based in Petaluma, California, the Lagunitas Brewing Company makes craft beer that is simple and flavorful and defies categorization. The same could be said for this book. Equal parts memoir, narrative, and business story—with liberal dashes of pop culture and local color—this honest yet hilarious account of a one-of-a-kind, made-in-America journey just happens to culminate with the success of one of the nation's most popular craft beer brands. In twenty years, Lagunitas has grown from a shoestring operation to be the fifth largest—and the fastest growing—craft brewer in the United States. First published in a limited edition two years ago by a tiny California press, So You Want to Start a Brewery? has here been revised and updated to include Lagunitas's establishment of a new brewery in Chicago, set to open in 2014. So You Want to Start a Brewery? is unglamorous and full of entertaining digressions, but it's never afraid to mess with the nuts and bolts. This is a must-read for all who have considered starting their own business—or have sweated blood working to get one on its feet. Told in the vibrant voice of Tony Magee—the man closest to the process—this blow-by-blow chronicle will introduce beer drinkers and entrepreneurs to the reality of starting a craft brewery from the ground up. When it comes to starting an information marketing business, you may find yourself in a place where you have to make some big decisions. You may be asking yourself: What's the first step in establishing my business? How much will it cost to start my information marketing business? How do I price my information marketing business? How do I market my information marketing business? ... so much more! We walk you through all of the steps; from idea → starting → launching → growing → running your business. This guide's purpose is to outline the steps you'll need to take to get your business running successfully! Young fans of Ernie Cline's Ready Player One will love this classic video game inspired mystery filled with elements of Escape from Mr. Lemoncello's Library and From the Mixed Up Files of Mrs. Basil E. Frankweiler. What if playing video games was prepping you to solve an incredible real-world puzzle and locate a priceless treasure? Twelve-year-old Ted Gerson has spent most of his summer playing video games. So when his great-uncle dies and bequeaths him the all so-called treasure in his overstuffed junk shop of an apartment, Ted explores it like it's another level to beat. And to his shock, he finds that eccentric Great-Uncle Ted actually has set the place up like a real-life escape-the-room game! Using his specially honed skills, Ted sets off to win the greatest game he's ever played, with help from his friends Caleb and Isabel. Together they discover that Uncle Ted's "treasure" might be exactly that—real gold and jewels found by a Japanese American unit that served in World War II. With each puzzle Ted and his friends solve, they get closer to unraveling the mystery—but someone dangerous is hot on their heels, and he's not about to let them get away with the fortune. Praise for Click Here to Start: "As addictive as your favorite video game. I couldn't put it down."-Adam Gidwitz, New York Times bestselling author of A Tale Dark and Grimm "Humor, believable characters, and adventure...keeps readers in suspense to the end. A winner for mystery enthusiasts."-Kirkus Reviews "In this clever debut, Markell takes readers on a clue-filled adventure...[and] maintains an energetic, entertaining balance of character-driven narrative and tricky challenges."-Publishers Weekly "Markell's highly entertaining debut novel...is a well-paced read with fully realized and likable characters,...[and] should have strong appeal to gamers, fans of video game-based stories, and reluctant readers."-SLJ "This book will appeal to a wide audience. Readers who enjoyed Schreiber's Game Over, Pete Watson will enjoy the video game

component; fans of Fitzgerald's Under the Egg will enjoy reading more about the Monuments Men; detective story aficionados will revel in the inclusion of The Maltese Falcon story. This is a great book to hand to just about any middle grade reader."-YA Books Central A School Library Guild selection An Amazon Best Books of the Month Selection this book is written to better understand Are you tired of the daily grind of living paycheck to paycheck? Are you longing for a way to break free from the rat race and achieve financial freedom? Starting a blog could be your ticket to a life of independence and abundance. And you don't have to be a tech whiz or a writing prodigy to do it. With this ultimate guide, "From Zero to Income: How to Start a Blog that Makes Money," you'll learn everything you need to know to launch and grow a successful blog that generates real income. "How to Start a Business in New York is your roadmap to avoid planning, legal and financial pitfalls and direct you through the bureaucratic red tape that often entangles fledgling entrepreneurs. This all-in-one resource goes a step beyond other business how-to books to give you a jump-start on planning for your business and provides you with: Quick reference to the most current mailing and Internet addresses and telephone numbers for federal, state, local and private agencies that will help get your business up and running State population statistics, income and consumption rates, major industry trends and overall business incentives to give you a better picture of doing business in New York Checklists, sample forms and a complete sample business plan to assist you with numerous startup details State-specific information on issues like choosing a legal form, selecting a business name, obtaining licenses and permits, registering to pay for taxes and knowing your employer responsibilities Federal and state options for financing your new venture Prepping your horse for a first ride requires plenty of ground work. Here are your step-by-step instructions. This book provides simple and objective training for the unbroke horse, from 1st-time bridling and saddling to sacking out, bridle work from the ground, pre-mount work, and your (necessarily short) first ride. You'll learn the proven methods of John Lyons, tips to keep you safer, and tricks to save time. Today's the day to get started putting a proper foundation on your horse, a solid start that'll pay big dividends for the rest of his life. If you began your training in the round pen, this book outlines the next steps If you haven't round penned your horse, you can still begin with this book BUT round penning beforehand is highly recommended. We'll get you into the saddle for a first ride -- and finish up with a chapter designed to prep you the rider/trainer, for all future rides, demonstrating specifically how to use your reins for quicker, easier results with horses of all ages. A good 90 percent of the issues I see at a typical riding clinic could have been prevented if the rider knew a few simple rules about how to hold (and release!) those reins. Developing a "good feel" for when and how to pick up and drop those reins will make training easier at all stages of your horse's life -- especially when astride a young, nervous colt when clear communication is most paramount. Finally, pinned to the tail of this book, you'll find "Cinchy Horses." Should you find yourself training a youngster who's especially goosey at the tightening of the cinch, you'll want this "what to do" fix. Only you can judge whether your colt or filly is ready for this material: Though not a mandatory prerequisite, round penning your horse (using the methods of John Lyons) is the smart thing to do before completing the material in this book. Ideally, your horse is now relaxed around you, leads well, has been taught to turn away from you as well as to face you (consistently keeping two eyes on you), and is wholly desensitized to your hand and various objects. At an absolute minimum, your horse must remain calm and willing in most circumstances when being worked with (today), is thoroughly "used to" being handled, and you must have the ability to turn the horse toward you as well as away. You must be able to lead your horse, he isn't head shy, and you can handle his entire body, ears, and all four feet. If not, check out the prerequisite work found in my book "Round Pen: First Steps to Starting a Horse." This book is broken down into five "Days" or sessions, each designed for you to take at a pace you set: - Day One: First-time bridling - Day Two: Bridle work from the ground (hip and shoulder control) - Day Three: Sacking out and first saddling - Day Four: Pre-mount work up - Day Five: First Ride Plus: - "The Reins: 5 Tips to Improve Your Use" - "Cinchy Horses" What this book does not cover: It's loaded with early-stages training for the green horse - but it does not cover elementary sacking out (again, see my book "Round Penning: First Steps to Starting a Horse"), nor does it offer training beyond the first few weeks after first saddling up. It teaches you hip and shoulder control from the ground, how to bridle and saddle up for the first time and what you need to do to take the first ride - which will necessarily be a short one. It gives you pointers as to how you should further your training (beyond the parameters of this book) but it does not cover "riding training" (turning, stopping, speed control, etc.) beyond lessons recommended for your first dozen or so "rides." If you're going to be the first person to sit on your colt, don't you want to do everything possible to assure success? Use the Lyons methods described in this book to build a solid foundation! You'll save tons of time and aggravation in the future if you do it right today. When Avent announced that he was quitting his job to build a specialty nursery, his former horticulture professor begged his student to reconsider, telling him he couldn't possibly make a profit "without doing something illegal." More than ten years and 20 nursery catalogs later, Avent owns a thriving national business with nearly 30 employees. He wrote So You Want to Start a Nursery to debunk myths about the ornamental-plants nursery business and what it takes to succeed, whether you're a backyard hobbyist or a wholesale grower. (And he still has a clean arrest record.) Assuming that the reader has some basic knowledge about how plants are grown, Avent focuses on the business and planning concerns of the nursery owner. While recounting humorous stories of his baptism by fire as a beginning nurseryman, Avent also provides a primer on the nursery industry as a whole, with discussions of the merits and disadvantages of retail, wholesale, mail-order, and liner operations, to name just a few. Readers of this book will obtain the tools they need to make a business plan of their own. This book is a must-read for horticulture students, industry insiders, and advanced gardeners who dream of turning their passion for plants into a job they love. This series provides the tools to get a home-based business off to a great start and keep it running in this competitive environment. Like having your own business advisor, each edition features inside information from professionals along with easy-to-use planning charts and worksheets. Most prosperous businesses are started on extremely tight budgets, and founders hustle hard to deliver innovative--or simply good--products or services. This book focuses on strategies to make great business ideas reality as cheaply as possible.
