**The Nuts and Bolts of English Grammar** Aug 21 2020 Ever wondered why we can say “Maria made the boy cry” but not “Maria made the boy crying”? Or why “Two coffees, please” is acceptable, but “Melvin loves coffees” is generally wrong? Or why we say “It has been raining since ten”, even though nobody asks “What did you say has been raining”? These are some puzzles that will be examined in The Nuts and Bolts of English Grammar. This book will help you understand what English grammar is and how it works. It will show how English combines parts of words to form longer words, how words change their form and combine with other words to form phrases, and how phrases are subsequently combined to form clauses and sentences and texts. Grammar is made both interesting and practical with real-life grammar puzzles. Will this book help you to improve your grammar? Probably, because if you’ve gained a better understanding of grammar by the time you reach the end of this book, you should be able to analyse your own sentences in ways you’ve never done before, and spot and avoid common grammatical errors.

*Essentials of English Grammar* Feb 24 2021 An informative and extensive guide to oral and written English grammar including explanations of verb tenses, spelling, phonetics, and punctuation

**Fundamentals of English Grammar** Nov 23 2020 English enjoys the status of the World Language. No other language has ever scaled this height. It is the language that encompasses everything in the world. It is used and cherished by millions whose

mother tongue is not English. Spoken English, as a natural corollary to that, has become an important tool in our hands today. Without mastery over it, the gateway to success will remain a distant dream in today's globalised market. Command on any language depends primarily on command on its grammar. Grammar is a repository of rules, governing how words are put together into sentences. These rules govern most constructions in a given language. Grammar is the science of correct use of language. It is concerned only with correct speaking and writing. Fundamentals of Grammar need to be fully comprehended to acquire skills of quality English. Aim of this book is a practical one: an aid to good English, to take you places on the wings of English. The book is designed to meet the requirements of students completing their schooling and entering colleges or job market, or preparing for various competitions.

**A Course Book in English Grammar** Dec 17 2022 The study of language in written texts and transcripts of speech is greatly helped by a student's ability to identify and describe those prominent features of the grammar which make one variety of English different from another. A Course Book in English Grammar looks at many of the problems encountered by students and encourages them to find their own answers and to assess hypotheses about grammatical description. There are activities at each step, using authentic written and spoken data. Using 'real' texts avoids the faking of evidence to be found in some traditional grammar books, and interesting problems of analysis that arise in such texts are a source of useful discussion. The book has been thoroughly revised and expanded for this second edition, which contains additional chapters and material. A new opening chapter discusses the concept of 'grammatically correct English' and the differences between descriptive, prescriptive and proscriptive approaches to the writing of grammar books. The book is a systematic description of Standard English, and examples of contemporary spoken dialectal grammar are introduced and analysed to illustrate the differences between standard and nonstandard usage. A Course Book in English Grammar will prove invaluable to all students of English Language.

**Basic English Grammar** Oct 23 2020 "Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language."--P. [4] of cover.

**An Introduction to the Grammar of English** Aug 01 2021 This textbook introduces basic concepts of grammar in a format which should encourage readers to use linguistic arguments. It focuses on syntactic analysis and evidence. It also looks at sociolinguistic and historical reasons behind prescriptive rules.

**English Grammar** Apr 16 2020

**A Student Handbook of Greek and English Grammar** Dec 05 2021 The study of classical languages by earlier generations of English-speaking students was greatly facilitated by the study of English grammar in the schools, a tradition now out of favor but one that emphasized precisely the concepts, terms, and constructions needed for the study of Greek and Latin. Recent classical language textbooks, while presuming little or no grammatical sophistication on the part of their students, often provide little more by way of remediation than definitions of grammatical terminology. A Student Handbook of Greek and English Grammar offers a student-friendly comparative exposition of English and ancient Greek grammatical principles that will prove a

valuable supplement to a wide range of beginning Greek textbooks as well as a handy reference for those continuing on to upper-level courses.

Practical English Grammar Apr 09 2022

The Handy English Grammar Answer Book Jan 18 2023 Whether it's for a professional document, a school paper, an Internet blog, or something more personal, effective communication depends on clear, concise, and grammatically correct writing. Punctuation, spelling, and grammar rules can trip up anyone, while organization and word choice can make writing memorable—or banal. The Handy English Grammar Answer Book is an engaging guide to writing with clarity for all occasions. It offers fundamental principles, grammar rules, and punctuation advice, as well as insights on writing for different occasions and audiences. From a brief history of the English language to the deconstruction—and explanation—of the different parts of a sentence, and from showing how to punctuate correctly to how to organize a well-argued essay, this easy-to-use reference answers nearly 500 questions and offers fun facts on the English language and its usage, including How did English become a language spoken worldwide? What is a sentence fragment? When do I use “that” versus “which”? How do I use materials ethically on my own websites? How do I write an outline? Several appendices, including model papers and sample writing for every occasion, a glossary of commonly used terms, a bibliography, and an index add to the book's usefulness.

**English for Everyone English Grammar Guide Practice Book** Apr 28 2021 PLEASE NOTE - this is a replica of the print book and you will need paper and a pencil to complete the exercises. Puzzled by past tenses? Confused by comparatives? This clearly structured and beautifully presented workbook includes grammar practice activities that make learning English grammar incredibly easy. The English for Everyone English Grammar Guide Practice Book is an essential companion to the English for Everyone English Grammar Guide, a comprehensive reference book that makes even the trickiest grammar rules clear and simple. The Practice Book mirrors the unit-by-unit structure of the Grammar Guide. Each Practice Book unit is full of carefully graded grammar exercises to drill and reinforce the grammar you have learned in the corresponding English Grammar Guide unit. These exercises will help you build up your confidence and become more fluent, giving you the chance to practise using the most important English grammar constructions again and again. Ideal for learners at all levels, and covering CEFR levels A1 to C1, the English for Everyone English Grammar Guide Practice Book presents basic (beginner), intermediate, and advanced English grammar in one easy-to-navigate book. Like all books in the innovative English for Everyone series, it uses a visual learning method: many of the exercises are accompanied by attractive illustrations that put grammar practice points into context and give you visual cues to help you understand the exercises. Whether you want to improve your grammar for work, study, travel, or exams, the English for Everyone Grammar Guide Practice Book offers you a simple way to learn English grammar, remember it, and use it with confidence.

*English Grammar* Nov 04 2021 English Grammar: \* helps users to understand grammatical concepts \* encourages the reader to practise applying newly discovered concepts to everyday texts \* teaches students to analyze almost every word in any English text \* provides teachers and students with a firm grounding in a system which they can both understand and apply.

**A Student's Introduction to English Grammar** Jul 12 2022 This groundbreaking undergraduate textbook on modern Standard English grammar is the first to be based on the revolutionary advances of the authors' previous work, The Cambridge Grammar of the English Language (2002). The text is intended for students in colleges or universities who have little or no previous background in grammar, and presupposes no linguistics. It contains exercises, and will provide a basis for introductions to grammar and courses on the structure of English, not only in linguistics departments but also in English language and literature departments and schools of education.

**English Grammar and Syntax** Sep 21 2020 For the educated, this book is an invaluable resource, one that allows for easy reference to any grammatical concept imaginable. the book gives thousands of examples, but it also provides explicit reasoning why we should speak and write following certain patterns. Don't feel like studying for hours to learn a concept? Look here for the diagrams you need to understand why things go where they go in a sentence. Did he act foolish? OR Did he act foolishly? Both answers are here. If you are in college, grad school, or simply interested, you decide what you want to know-your answers are here. Written by two professors who hate to condescend but love to teach, English Grammar and Syntax cuts through the pedantic wasteland.

Best English Grammar Book Learn English Grammar in Two Week (Revised Edition) Sep 14 2022 Learn English Grammar in 2 Weeks is a peerless book for those who are interested in having a written and spoken command of the English language. The fascination of this international language is unmatched. But it is replete with pitfalls which must be carefully avoided if one does not want to become a butt of laughter either in written or spoken English. Let us quote from the book itself; ??A student of the English language ought to know the difference between 'English' and 'the English?? This book is a treasure house of modern and current usage in English. As one flips through the pages of the book; one gains in knowledge and confidence The mystery of the English language unfolds itself in every page of this wonderful treatise. It is a single volume book that combines source grammar and practice exercises while explaining the rules of grammar and tackling seemingly contradictory rules. Since the book is for students of an Intermediary level, concise explanations are provided. It focuses on topics like grammar contrasts (whether to use 'would' or 'used to' in past tense construct) and grammar patterns for example will be going among others. What will you Learn from THE BEST BOOK OF ENGLISH GRAMMAR ? The book also explores more than hundred units of grammar concepts and each unit is allocated two pages. While the left hand page is filled with grammar concepts with concise examples, the facing page comprises of practice exercises. ? This format has been followed to ensure that each point is brief but comprehensive. ? The book has been designed in such a way that it gives students freedom to choose what unit they want to practice. ? The order of the book does not need to be strictly followed as it is a revision guide and each topic is complete and self contained. Therefore, a student can just begin from the middle of the book, concentrate on the unit he or she finds difficulty in. If a student gets stuck at a certain exercise.

A Descriptive Grammar of English Aug 13 2022 "Grammar" can often be seen as a dull and complicated art, with all sorts of dusty and quirky rules that are hard to understand and even harder to explain. This Descriptive Grammar of English - by example - shakes off the dust to present the essential principles of modern English grammar as clearly as possible, showing the simple rules that determine the standard practices of modern English, both in writing and in speech, and illustrating their use through hundreds of simple examples and familiar expressions. Most native speakers generally follow the essential rules of English grammar as if by intuition; in many cases they will be quite unaware of what the rules are... even that they exist. But rules or principles or guidelines do exist, and without them it would be very difficult to communicate properly and coherently. Grammar is the highway code of any language, and people need either to learn it, or to absorb it subconsciously, in order to speak or write proficiently. Children master the rudiments of grammar in their native language by hearing, remembering, repeating and experimenting; and up to a point this is sufficient for everyday communication. However beyond a certain level,

and more importantly when learning a second or foreign language, some awareness of the rules and principles of grammar becomes useful, and in many situations, vital. Some understanding of grammar is indeed essential for anyone wanting to teach English whether it be to native speakers or as a foreign language. By highlighting (literally) hundreds of short sentences and expressions, this Descriptive Grammar of English clearly illustrates and succinctly explains the rules that govern acceptable usage of the English language today. Where necessary, it uses colour coding to show up pertinent points and to contrast different structures or functions. This is not a grammar book for grammarians; it's a grammar book for anyone, and no prior knowledge of linguistics is required. As befits any discussion of grammar, it uses the expressions or jargon that are required to explain grammar, but also explains them by including a glossary of grammatical terms which will be of value to most readers. Originally conceived for the benefit of non-native speakers of English, particularly advanced EFL and ESL students and teachers of English as a foreign or second language, it is also very much suited for school and home use in English-speaking countries. In short it is for anyone who is looking for clear and example-based explanations of how English works and is written and spoken. It covers all the main points of English grammar in a way that is understandable to any student. As well as explaining the essential aspects of English grammar, such as verbs and nouns and adjectives, it includes succinct and clearly illustrated sections on such important points as style word order and punctuation. It distinguishes where appropriate between the usages of written and spoken English, and between British English and American English. All the points covered in this grammar are copiously illustrated with examples from everyday English, including memorable and familiar expressions that are hard to forget. Children are not the only ones who learn their grammar by example.

*Essential English Grammar* Feb 13 2020

Primary School English Grammar and Composition Nov 11 2019 Primary School English Grammar & Composition (PSEGC) and Middle School English Grammar & Composition (MSEGC) is a set of two books designed to be used as a prequel to the highly popular English grammar reference book, High School English Grammar & Composition. Both PSEGC and MSEGC provide ample guidance and practice in sentence building, correct usage, comprehension, composition and other related areas so as to equip the learners with the ability to communicate effectively in English.

**English Grammar** Feb 19 2023 Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections – introduction, development, exploration and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. English Grammar: provides a wide-ranging introduction to English grammar, drawing on a variety of international authentic texts, including newspapers, novels and academic texts, to help learners understand concepts and theories in more depth; is written in clear, concise prose in order to present basic concepts and key terms in an accessible way to learners with little or no background in grammar instruction; emphasises the autonomy of the learner through activities and exercises which are suited to both native speakers and learners of English alike; includes a selection of readings from key academics in the field including Michael Halliday, Michael McCarthy, Caroline Coffin and John Sinclair. Drawing on the strengths of the original textbook, this second edition features: new readings from Christian Jones, Daniel Waller and Thomas E. Payne; revised questions, suggestions and issues to consider; and a brand new companion website featuring interactive audio files of authentic spoken English, links to further reading and new grammar tasks. Written by an experienced teacher and researcher, this accessible textbook is an essential resource for all students of English language and linguistics.

English Grammar: The Basics May 30 2021 English Grammar: The Basics offers a clear, non-jargonistic introduction to English grammar and its place in society. Rather than taking a prescriptive approach, this book helps the reader become aware of the social implications of choices they make to use standard or non-standard (regional/dialect) forms. Readers will consider: • what grammar is and how it fits into the structure of language; • how grammar functions in the school curriculum, the press, broadcasting and social media, as well as how these outlets reflect and reinforce our attitudes towards grammar; • differences between speech and writing, as well as between formality and informality; • major different approaches to theorising and describing grammar from important grammarians, including Noam Chomsky and Michael Halliday. Featuring a glossary of key terms and practical tips and insights from the author's 50+ years of language teaching experience around the world, this book is for anyone who has ever found themselves questioning the 'rules' of the English language.
