This is the seventh book in a progressive series based on the revelations of consciousness research. It describes in detail how to discern not only truth from falsehood but also the illusion of appearance from the actual core of reality. The text explains how to differentiate perception from essence, and thereby enables the reader to resolve the ambiguities and classical riddles that have challenged mankind for centuries and baffled the best minds in history. While modern technologies have provided a plethora of new toys and conveniences, the basic problems of daily existence remain. This book provides the tools to survive and regain fundamental autonomy and inner harmony while living with the complexities of the modern world. The Sedona method is a tried and tested 25-year-old guide to quickly releasing the emotional baggage that imposes limitations on life. “Don’t You Know Who I Am?” has become the mantra of the famous and infamous, the entitled and the insecure. It’s the tagline of the modern narcissist. Health and wellness campaigns preach avoidance of unhealthy foods, sedentary lifestyles, tobacco, drugs, and alcohol, but rarely preach avoidance of unhealthy, difficult or toxic people. Yet the health benefits of removing toxic people from your life may have far greater benefits to both physical and psychological health. We need to learn to be better gatekeepers for our minds, bodies, and souls. Narcissism, entitlement, and incivility have become the new world order, and we are all in trouble. They are not only normalized but also increasingly incentivized. They are manifestations of pathological insecurity—insecurities that are experienced at both the individual and societal level. The paradox is that we value these patterns. We venerate them through social media, mainstream media, and consumerism, and they are endemic in political, corporate, academic, and media leaders. There are few lives untouched by narcissists. These relationships infect those who are in them with self-doubt, despair, confusion, anxiety, depression, and the chronic feeling of being “not enough,” all of which make it so difficult to step away and set boundaries. The illusion of hope and the fantasy of redemption can result in years of second chances, and despondency when change never comes. It’s time for a wake-up call. It’s time to stem the tide of narcissism, entitlement, and antagonism, and take our lives back. Throughout history, there has been one quality that great leaders, makers, artists and fighters have shared. The Zen Buddhists described it as inner peace, the Stoics called it ataraxia and Ryan Holiday calls it stillness: the ability to be steady, focused and calm in a constantly busy world. Drawing on a wide range of history’s greatest thinkers, Holiday shows us how crucial stillness is, and how it can be cultivated in our own lives today. Just as Winston Churchill, Oprah Winfrey and baseball player Sadaharu Oh have done, we can all benefit from stillness to feed into our greater ambitions - whether building a business or simply finding happiness, peace and self-direction. Stillness is the key to the self-mastery, discipline and focus necessary to succeed in this competitive, noisy world. The controversial ex-mayor of New York speaks out on his years in office, the people, and the policies of "the Big Apple". A collection of 365 insightful quotes from best-selling author and consciousness researcher Dr. David R. Hawkins to guide readers on the path to enlightenment. This collection of inspiring quotes from world-renowned consciousness researcher and mystic Dr. David R. Hawkins can help readers elevate their level of consciousness. In doing so, they will explore ways to understand truth, raise their awareness, and find enlightenment and infinite peace. Readers will engage with some of Dr. Hawkins's most profound insights from his classic works, such as: To best serve the world, seek enlightenment and transcend illusions rather than contribute to them. Success comes about automatically from knowing where to look. Not what to look for, but where to look. We do not look at what we have, nor at what we do, but at what we are. Once we find within ourselves what we’ve been searching for, we won't have to bother looking "out there." We can't own that which is great within ourselves unless we learn to recognize it in others. Peace comes with total inner surrender to what is. By continuously letting go, it is possible to stay in that state of freedom. Feelings come and go, and eventually you realize that you are not your feelings, but that the real "you" is merely witnessing them. An accessible exploration of best-selling author's most famous work, The Map of Consciousness, that helps readers experience healing and transcendence. We are all born with a level of consciousness, an energetic frequency within the vast field of consciousness. And with The Map of Consciousness, we can truly understand the total spectrum of human consciousness. Using a unique muscle-testing method, Dr. David R. Hawkins conducted more than 250,000 calibrations during 20 years of research to define a range of values, attitudes, and emotions that correspond to levels of consciousness. This range of values-along with a logarithmic scale of 1 to 1,000-became the Map of Consciousness, which Dr. Hawkins first wrote about in his best-selling book, Power vs. Force. With the Map, Dr. David R. Hawkins laid out the entire spectrum of consciousness, from the lower levels of Shame, Guilt, Apathy, Fear, Anger, and Pride; to Courage, Acceptance, and Reason; all the way up to the more expanded levels of Love, Ecstasy, Peace, and Enlightenment. These "higher" energy fields are a carrier wave of immense life energy. An essential primer on the late Dr. David R. Hawkins's teachings on human consciousness and their associated energy fields, The Map of Consciousness Explained offers readers an introduction and deeper understanding of the Map, with visual charts and practical applications to help them heal, recover, and evolve to higher levels of consciousness and energy. This book is a light unto the path of any individual who wants to become more effective in any area of life. Please note: This is a companion version & not the original book. Sample Book Insights: #1 Dr. Hawkins died at the age of 85. He had a body of work that includes over 15 books and hundreds of hours of audio-visual programs. His teachings are available in a book titled The Map of Consciousness Explained. #2 Dr. Dave Hawkins was a teacher and researcher who developed the Map of Consciousness, which is a pioneering, internationally known scale to help people understand their own consciousness. It incorporates findings from quantum physics and nonlinear dynamics, which confirms the classical stages of spiritual evolution found in the world’s sacred literature. #3 The Map of Consciousness is a clinically sophisticated depiction of each level’s emotional tone, view of God, and view of life. As you rise in the level of consciousness, the frequency or vibration of energy increases. Thus, higher consciousness radiates a positive and healing effect on the world. #4 The teachings of Dr. Hawkins are explored in this book. He was a nationally renowned psychiatrist, physician, researcher, spiritual teacher, and lecturer. He was the founding director of the Institute for Spiritual Research Incorporated and the founder of the path of devotional non-duality. Who is the man behind the best-selling Power vs. Force: The Determinants of Human Behavior and the Map of Consciousness? From fundamentalism to atheism, psychoanalysis to Zen Buddhism, the pits of hell to the infinite presence of God, Dr. David R. Hawkins has dedicated his life to the pursuit of Truth, spending over fifty years as a psychiatrist before becoming a spiritual teacher after the publication of Power vs. Force. As a psychiatrist, Hawkins helped pioneer a new field of psychiatry, running one of the largest clinics in the United States and treating thousands of hopeless cases of schizophrenia, alcoholism, and drug addiction. He worked closely with some of the world's leading minds, including two-time Nobel laureate Linus Pauling; famed psychiatrists Abram Hoffer and Humphrey Osmond; and the charismatic co-founder of Alcoholics Anonymous, Bill Wilson. Doctor of Truth explores what kind of life Hawkins led, who influenced his development, and what experiences shaped his understanding of the world around him, as well as the influences that informed his Map of Consciousness and the writing of Power vs. Force. This, the eighth book in a progressive series based on the revelations of consciousness research, resulted from a group of lectures given by the author at the request of the original publisher of A Course in Miracles, along with members of several self-help groups, including Alcoholics Anonymous, ACIM, Attitudinal Healing Centers, other recovery groups, and a number of clinicians. Our society lives with constant stress, anxiety, fear, pain, suffering, depression, and worry. Alcoholism, drug addiction, obesity, sexual problems, and cancer are constantly in the news. Mankind in general has had very little information about how to address life’s challenges without resorting to drugs, surgery, or counseling. In this book, you will learn why the body may not respond to traditional medical approaches. Specific instructions and guidelines are provided that can result in complete healing from any disease. The importance of including spiritual practices in one’s healing and recovery program is explained, along with how easy it is to incorporate them in the process. Healing and Recovery provides clinically proven self-healing methods that will enable you to take charge of your health and live a happy, healthy, and fulfilling life. "A gripping read on the nature of human, machine, and extraterrestrial intelligence" --Financial Times For all of neuroscience's advances, the field has made little progress on its biggest question: How do simple cells in the brain create intelligence? Neuroscientist Jeff Hawkins and his team discovered that the brain uses maplike structures to build a model of the world--not just one model, but hundreds of thousands of models of everything we know. This discovery allows Hawkins to answer important questions about how we perceive the world, why we have a sense of self, and the origin of high-level thought. A Thousand Brains heralds a revolution in the understanding of intelligence, whether ours, our computers', or of any life in the universe. It is a big-think book, in every sense of the word. Michael A. Singer, author of The Untethered Soul, tells the extraordinary story of what happened when, after a deep spiritual awakening, he decided to let go of his personal preferences and simply let life call the shots. As Singer takes you on this great experiment and journey into life's perfection, the events that transpire will both challenge your deepest assumptions about life and inspire you to look at your own life in a radically different way. Spirituality is meant to bring about harmony and peace. But the diversity of our philosophies, beliefs, concepts, and views about the soul often leads to confusion. To reconcile the noise that clouds spirituality, Michael Singer combines accounts of his own life journey to enlightenment - from his years as a hippie-loner to his success as a computer program engineer to his work in spiritual and humanitarian efforts - with lessons on how to put aside conflicting beliefs, let go of worries, and transform misdirected desires. Singer provides a road map to a new way of living not in the moment, but to exist in a state of perpetual happiness. This is the second volume of a trilogy that began with Power vs. Force and will be completed in the year 2002 by the publication of the third volume entitled I: Reality and Subjectivity. The Eye of the I (which calibrates at 950) is more advanced than Power vs. Force (which calibrates at 850) and brilliantly reveals the very core of the spiritual process critical to the state of Enlightenment. The intrinsic power of the information provided in this startling classic is sufficient of itself to elevate the consciousness of the reader. This likelihood has been anticipated and provided for by preparatory recontextualizations. Included are verbatim dialogues with advanced students, instructions, and explanations that illuminate the spiritual teachings. The Eye of the I is a brilliant work that dissolves the barriers between the known and the unknown, between science and spirituality, and between the Newtonian linear paradigm of the ego and the nonlinear reality of Enlightenment. With the resolution of the self, the Self shines forth and reveals one’s true identity. Imagine—what if you had access to a simple yes-or-no answer to any question you wished to ask? A demonstrably true answer. Any question . . . think about it.— from the Foreword We think we live by forces we control, but in fact we are governed by power from unrevealed sources, power over which we have no control.— from the author’s Preface The universe holds its breath as we choose, instant by instant, which pathway to follow; for the universe, the very essence of life itself, is highly conscious. Every act, thought, and choice adds to a permanent mosaic; our decisions ripple through the universe of consciousness to affect the lives of all.— from Power vs. Force "[A] beautiful gift of writing . . . [You] spread joy, love, and compassion through what you write. The fruit of these three is peace, as you know . . ."— Mother Teresa ". . . particularly timely . . . a significant contribution to understanding and dealing with the problems we face today."— Lee Iacocca "I especially appreciate [the] research and presentation on the attractor patterns of business . . ."— Sam Walton "Overwhelming! A masterpiece! A lifetime work!"— Sheldon Deal, President, International College of Applied Kinesiology Letting go is like the sudden cessation of an inner pressure, or the dropping of a weight. It is followed by a sudden feeling of relief and lightness, with an increased happiness and freedom. Imagine how great it would be if you could experience that release all of the time, in any place, and with any event. You would be in charge of how you feel, no longer at the mercy of circumstances or other people and your reactions to them. With this guided journal, inspired by Dr David R. Hawkins's classic work Letting Go, you will find tools and techniques to work with your feelings and truly let go of the inner blocks that hold you back. In it, you will be guided through a journaling process to learn how to stop suppressing feelings, release resentments, overcome resistance, surrender the ego and deepen your self-awareness. David R. Hawkins details how anyone may resolve the most crucial of all human dilemmas: how to instantly determine the truth or falsehood of any statement or supposed fact. Dr. Hawkins, who worked as a " healing psychiatrist" during his long and distinguished career, uses theoretical concepts from particle physics, nonlinear dynamics, and chaos theory to support his study of human behavior. This is a fascinating work that will intrigue readers from all walks of life! Praised by Mother Teresa and Dr Wayne Dyer for his breakthrough research and innovative teachings on the human mind, Dr David Hawkins brings us 365 daily reflections for the mind and soul. The spiritual teachings of David R. Hawkins on the nature of consciousness, spirit, and ego are known worldwide by

students seeking to realize spiritual Truth. As a mystic, Dr. Hawkins has infused the truths found in the precepts of Western religion with the core of Eastern philosophy, bridging the familiar, physical world to the nonlinear, spiritual domain. What blocks spiritual progress? And how do we transcend these blocks? This collection of passages, carefully selected from Dr. Hawkins's extensive writings, offers readers a new contemplation for each day. Any one of these passages, fully understood, can elevate one's level of consciousness. The now widely known Map of calibrated levels of Consciousness was presented in *Power vs. Force* in 1995 and has been translated into all the world's major languages. This was followed by *The Eye of the I* (2001), *I: Reality and Subjectivity* (2003), and *Truth vs. Falsehood* (2005), which explored the levels of Truth reflected throughout society. Transcending the Levels of Consciousness returns to the exploration of the ego's expressions and inherent limitations and gives detailed explanations and instructions on how to transcend them. As with the reading of Dr. Hawkins' previous books, the reader's level of consciousness is advanced as a consequence of exposure to the information itself. This opens up avenues to the relief of suffering for oneself and others, which fulfills the purpose of the work and the intention to facilitate the reader's own Enlightenment. Buy now to get the key takeaways from David R. Hawkins's *Letting Go*. Sample Key Takeaways: 1) The mind is a monkey. The monkey is always jumping around, from tree to tree, from one thought to another. It's always looking for the next thing. It's always worried about the future. It's always thinking about the past. 2) It's not by finding the answers, but by undoing the basis of your problems that you are able to reach great clarity and move past your obstacles. From the bestselling author of *Eat That Frog!*, a motivational guide to using the Psychology of Achievement to banish negative thoughts and behaviors and unlock your full potential for success. Letting go of negative thoughts is one of the most important steps to living a successful, fulfilling life, but also often the most difficult. In this practical, research-based guide, bestselling authors Brian Tracy and psychotherapist Christina Stein present their "Psychology of Achievement" program to help you identify and overcome detrimental patterns and ideas preventing you from achieving your goals or feeling happy and satisfied in your life. Whether this negativity stems from a past relationship that ended badly, a childhood trauma, a business or career failure, or general insecurity, Tracy and Stein help you recognize how conscious--and more oftentimes unconscious--negativity affects your personality, your outlook and your decisions. Along the way, they show you how to regain control of your thoughts, feelings, and actions, turn negatives into positives, and learn to accept unexpected life changes without falling back into old negative patterns. Essential reading for anyone feeling stuck, *BELIEVE IT TO ACHIEVE IT* offers an important roadmap to conquer negativity and embrace the power of positive thinking to live a happy, successful life. Reveals a breakthrough in documenting a new era of human knowledge. Only in the last decade has a science of Truth emerged that, for the first time in human history, enables the discernment of truth from falsehood. Presented are discoveries of an enormous amount of crucial and significant information of great importance to mankind. Truth and Reality, Dr. Hawkins states, have no secrets, and everything that exists now or in the past- even a thought- is identifiable and calibratable from the omnipresent field of Consciousness itself. Drs. Lindsay and Lexie Kite know firsthand how hard filtering out media influence is when it comes to self-image. Both struggled as young women to overcome the expectations of body size and shape, but were able to learn to love, appreciate, and reclaim their own bodies, eventually earning their PhDs in body image resilience. The twin sisters founded the nonprofit Beauty Redefined and have made it their mission to help other women see themselves without societal expectations distorting their self-perception. More than a Body is a self-help book focused on going beyond body positivity, showing how a mindset focused on appearance sets women up for insecurities and self-judgement. In this book, they offer an action plan for readers to combat that mindset, and instead learn how the body can be "an instrument, not an ornament," with practical, actionable steps to take when consuming media, exercising, practicing self-reflection and self-compassion, and finding a purpose in life. Explores the ego's expressions and inherent limitations and gives detailed explanations and instructions on how to transcend them. It expands the understanding of the levels of consciousness as presented in the widely-acclaimed Map of Consciousness. The book focuses on the individual, and studies the experiential subjective blocks to the advancement of awareness, at each level of consciousness. This leads to progressive spiritual awareness and on to higher levels of consciousness, providing specific steps for transcending each level, preparatory to advanced states such as Enlightenment itself. By analyzing the various obstacles and levels to be transcended, certain principles that support spiritual evolution are self-revealing. This book is therefore a practical manual rather than a comprehensive analysis. Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development. The present work describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all its many forms. The letting go technique (surrender) was found to be of great practical benefit and is described in this book. **NEW YORK TIMES BESTSELLER** For the first time ever, an international coalition of leading researchers, scientists and policymakers has come together to offer a set of realistic and bold solutions to climate change. All of the techniques described here - some well-known, some you may have never heard of - are economically viable, and communities throughout the world are already enacting them. From revolutionizing how we produce and consume food to educating girls in lower-income countries, these are all solutions which, if deployed collectively on a global scale over the next thirty years, could not just slow the earth's warming, but reach drawdown: the point when greenhouse gasses in the atmosphere peak and begin to decline. So what are we waiting for? It's Okay to Have Needs of Your Own You fell in love with him. But over time you've come to realize he's in love with himself—and you feel trapped. His needs, his problems, and his plans always seem to take precedence over yours. Dr. David Hawkins, director of the Marriage Recovery Center, offers a guide to help you identify signs of narcissism, understand how your loved one's issues are affecting you, and prepare a biblical game plan for freeing yourself to live courageously in light of God's love. Whether the man in your life can be diagnosed with narcissistic personality disorder (NPD), exhibits narcissistic traits and emotionally abusive behavior, or has arrogant and self-centered tendencies, the emotional pain he causes you is very real. Discover the truths, wisdom, and grace you need to spark change in your relationship, set boundaries, and experience healing. One of the twentieth century's greatest spiritual teachers will show you how to quiet your constant, worrying thoughts in *Learning to Silence the Mind: Wellness Through Meditation*. The mind, says Osho, has the potential to be enormously creative in dealing with the challenges of everyday life, and the problems of the world in which we live. The difficulty, however, is that instead of using the mind as a helpful servant we have largely allowed it to become the master of our lives. Its ambitions, belief systems, and interpretations rule our days and our nights—bringing us into conflict with minds that are different from ours, keeping us awake at night rehashing those conflicts or planning the conflicts of tomorrow, and disturbing our sleep and our dreams. If only there was a way to switch it off and give it a rest! Finding the switch that can silence the mind—not by force or performing some exotic ritual, but through understanding, watchfulness, and a healthy sense of humor—is meditation. A sharper, more relaxed and creative mind—one that can function at the peak of its unique intelligence—is the potential. The book includes a link to tutorials on OSHO Nadabrahma Meditation. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the “1000 Makers of the 20th Century” and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world. A collection of profound ideas from one of the great spiritual thinkers of our generation. In this authoritative work, readers will be brought to higher levels of awareness, control, and understanding. This book includes ten volumes of Dr. Hawkins's core teachings that are most beneficial and relevant to today's world, including his Map of Consciousness calibration process. The *Wisdom of Dr. David R. Hawkins* also includes one of Dr. Hawkins's last lectures on the most valuable qualities for a spiritual seeker. Get ready to step off the ego path onto a more rewarding, fulfilling, and service-oriented journey of enlightenment. Discover this collection of inspiring quotes from Dr David R. Hawkins and learn how to elevate your consciousness, find enlightenment and unlock deep truth. The insightful quotes and contemplations offered by the world-renowned consciousness researcher and mystic Dr David R. Hawkins will encourage you to engage with some of his most profound insights from his classic works, such as- To best serve the world, seek enlightenment and transcend illusions rather than contribute to them. We can't own that which is great within ourselves unless we learn to recognize it in others. Peace comes with total inner surrender to what is. By continuously letting go, it is possible to stay in that state of freedom. Feelings come and go, and eventually you realize that you are not your feelings, but that the real 'you' is merely witnessing them. Unfortunately, most people's fairytales have been hijacked by life's many difficulties. Maybe when you look around, your reality looks nothing like what you had dreamed it would. Disruptions have thrown your perfect plans into chaos, and you now find yourself in a dip that you can't escape. *Dips, Disruptions & Destiny* is a case study on Joshua's life and conquest of Jericho. It displays how God wants to use the many disruptions and dips of our lives to direct us toward destiny. Furthermore, David's story of pastoring through loss and divorce will bring hope and healing to your pain. Your disruptions and dips don't have to end in disorientation, despondency, and depression. This book can help get you out of what life got you in! The sixth book in a progressive series by Dr. David R. Hawkins, this work finalizes and further clarifies the true nature and core of the condition termed "Enlightenment." It is primarily an instruction manual for the serious spiritual devotee and reveals information only known by those who have transcended the ego to reach Divine Realization. This is the inner route from the self to the Self, and the descriptions of the progressive states are devoted to the reader's own illumination. This work will appeal to those who themselves are dedicated to the spiritual Reality of Truth as the direct pathway to God. This *Book of Slides* is a comprehensive "atlas" of the vast terrain covered by Dr. David R. Hawkins in his public lectures, 2002-2011. It contains the compendium of his lecture slides, along with a summary of his teaching at each lecture. Far from being a dry read, this book is filled with real life examples, humorous anecdotes, and personal experiences of "Doc" never before found in written form. Widely appreciated for his unusual capacity to illumine the Real in everyday terms, Dr. Hawkins lectured on such vital topics as The Nature of God, Nonduality, Self-Realization, Spirituality in the Modern World, Spiritual Community, Spiritual Teachers, The Way of Devotion, Qualities of the Spiritual Seeker, Love, Success, and Happiness. Learn to let go of the illusions of the ego and discover the real you with this collection of inspiring quotes on the ego, mind, and spiritual enlightenment from human-consciousness expert Dr. David R. Hawkins. Are you willing to let go of seeing yourself as the ego believes you to be? Are you willing to go further, to know that the ego itself is an illusion? In this book, select teachings from Dr. David R. Hawkins's extensive body of work will guide you in the process of realization, surrender, and transformation. When we let go of the old ways of thinking, our attachments, and the false promises of the ego, we discover the truth that we are one with All. Features classic passages, including: It is not really necessary to subdue the ego, but merely to stop identifying with it. Every life experience, no matter how “tragic,” contains a hidden lesson. When we discover and acknowledge the hidden gift that is there, a healing takes place. Enlightenment is not a condition to be obtained; it is merely a certainty to be surrendered to, for the Self is already one's Reality. It is the Self that is attracting one to spiritual information. To be enlightened merely means that consciousness has realized its most inner, innate quality as nonlinear subjectivity and its capacity for awareness. The only energy that has more power than the strength of the collective ego is that of Spiritual Truth. “This book is small in size, but it can have a massive impact on your life. It will take you through the process of a total transformation of consciousness—if you choose to apply its teachings deeply within yourself.” — From the Introduction by Fran Grace, Ph.D. 'Life-changing' - Sara Makin, Founder & CEO of Makin Wellness If you learn to let go, your life will take off. When you let go, you live intuitively. Everything flows, because you are no longer attached to things being a certain way, to being a certain person or always being right. What a relief. The irony is that when you feel stuck in any area of your life - career, relationships, purpose, health or money - letting go can seem very hard. You cling on for dear life just at the moment you need to take the leap. In *The Power of Letting Go*, John Purkiss explains why we should let go and how we can do it, using proven techniques to make things happen. The stages of letting go: -Be Present and Enjoy Each Moment -Let Go of the Thoughts that Keep You Stuck -Let Go of the Pain that Runs Your Life -Surrender and Tune into Something Far More Intelligent than Your Brain I concludes the presentation of a long-predicted major advance in critical human knowledge. It explains and describes the very substrate and essence of consciousness as it evolved from its primordial appearance as life on earth on up through evolution as the human ego, and hence, to the ego's transcendence as the spiritual Reality of Enlightenment and the Presence of Divinity. On the referenced Scale of the Levels of consciousness, which calibrates the levels of Truth from 1 to 1,000, Power versus Force calibrates at 850, The Eye of the I at 980, and the final volume of the trilogy, I, calibrates at a conclusive 999.8. The uncommon clarity and lucidity with which the highly evolved subject matter is presented facilitates the reader's understanding and comprehension. As with the reading of *Power versus Force* or *The Eye of the I*, the reader's level of consciousness increases measurably as a consequence of exposure to this material itself, which is presented from a catalytic, powerful field of context and exposition. Conflict is resolved within the mind of the student by means of recontextualization, which solves the dilemma. Argument and adversity are resolvable by identifying the positionalities of the ego which are the basis of human suffering. How does one traverse the spiritual landscape to move beyond suffering to experience the peace and love of God, to dissolve illusion and realize the state of enlightenment? In this collection of inspiring passages from David R. Hawkins's work, the reader is reminded of the illusory nature of the personal self (identification of the ego/mind) and the direct pathways to dissolve the ego/mind's trappings. This pocket edition is designed especially for today's spiritual student on the go, to inspire contemplation and reflection during a break at work, while

hiking in the woods, during a quiet coffee-shop moment, on an airplane, with a partner—in whatever environment one finds oneself. Dissolving the Ego, Realizing the Self is a reliable companion on the aspirant’s quest toward higher truth. What can you do each day to discover inner peace and serenity? The Untethered Soul offers simple yet profound answers to these questions. Whether this is your first exploration of inner space, or you’ve devoted your life to the inward journey, this book will transform your relationship with yourself and the world around you. You’ll discover what you can do to put an end to the habitual thoughts and emotions that limit your consciousness. By tapping into traditions of meditation and mindfulness, author and spiritual teacher Michael A. Singer shows how the development of consciousness can enable us all to dwell in the present moment and let go of painful thoughts and memories that keep us from achieving happiness and self-realization. Copublished with the Institute of Noetic Sciences (IONS) The Untethered Soul begins by walking you through your relationship with your thoughts and emotions, helping you uncover the source and fluctuations of your inner energy. It then delves into what you can do to free yourself from the habitual thoughts, emotions, and energy patterns that limit your consciousness. Finally, with perfect clarity, this book opens the door to a life lived in the freedom of your innermost being. The Untethered Soul has already touched the lives of more than a million readers, and is available in a special hardcover gift edition with ribbon bookmark—the perfect gift for yourself, a loved one, or anyone who wants a keepsake edition of this remarkable book.
