The Word to Word® series provides ELL students with standardized bilingual dictionaries approved for state testing. Students with different backgrounds can now use dictionaries from the same series that are specifically designed to create an equal resource that strictly adheres to the guidelines set by districts and states. This Chinese/English YiJing dictionary includes all Chinese characters found in the YiJing as well as a translation and a concordance. Both the traditional explanations for the character's meanings and the findings of the modern research on oracle bones characters are covered. 993 Chinese characters are explained in detail, both the classic and (in many cases) archaic representations of the characters, are shown to clarify their

original meaning. Multi-character words are covered as well, to help understand some YiJing expressions better. Includes all characters found in The Judgment, The Lines and The Image. Pinyin romanization of all Chinese characters. Chinese-English section arranged alphabetically according to pronunciation. A Student's Dictionary of Classical and Medieval Chinese is the long-desired Chinese – English reference work for all those reading texts dating from the Warring States period through the Tang dynasty, and beyond. Comprising 8,000+ characters, arranged alphabetically by Pinyin, with an index by “radical” and stroke- count , and various appendices, including one with reign-eras and exact accession dates of emperors according to both Chinese and Western calendars. The home of trusted Mandarin dictionaries for everyday language learning. A clear, modern Chinese to English and English to Chinese dictionary. The essential reference book for Chinese: an up-to-date dictionary and a user-friendly language supplement in one handy volume. Designed for learners of Chinese or English, from beginner up to university level, this is the ideal text for anyone who needs easy access to both a dictionary and a practical language supplement. Extensive coverage of today's English and Chinese, with thousands of phrases and examples guiding the user to the most appropriate translation. Help with the pronunciation of Chinese words, including Pinyin for all Chinese headwords, translations, phrases and examples. Pinyin is the official phonetic system for transcribing Chinese characters into the Roman alphabet, and is accepted in all Chinese-speaking countries. Includes both simplified and traditional Chinese characters. Simplified characters are generally used in mainland China and Singapore, while traditional characters are mainly used in Taiwan, Hong Kong and Macau. The Language in Action supplement offers practical help with everyday language for both Chinese and English. The radical index is a clear guide to looking up Chinese characters, helping the user to navigate the dictionary and find

Chinese characters without knowing their pronunciation. From one of our most important contemporary Chinese authors: a novel of language and love that tells one young Chinese woman's story of her journey to the West—and her attempts to understand the language, and the man, she adores. Zhuang—or “Z,” to tongue-tied foreigners—has come to London to study English, but finds herself adrift, trapped in a cycle of cultural gaffes and grammatical mishaps. Then she meets an Englishman who changes everything, leading her into a world of self-discovery. She soon realizes that, in the West, “love” does not always mean the same as in China, and that you can learn all the words in the English language and still not understand your lover. And as the novel progresses with steadily improving grammar and vocabulary, Z's evolving voice makes her quest for comprehension all the more poignant. With sparkling wit, Xiaolu Guo has created an utterly original novel about identity and the cultural divide.

The ABC English-Chinese, Chinese-English Dictionary (ECCE) is a student-oriented bilingual dictionary that, like other dictionaries in the ABC series, organizes Chinese words by their pronunciation as written in pinyin. This innovative, straightforward alphabetical organization allows the user to find most words more quickly and easily. It also facilitates the comparison of words that are pronounced similarly or identically, which is not possible in traditionally-ordered dictionaries. The series' alphabetical ordering has been imitated in other dictionaries, but ECCE is still unique in that it offers detailed and authoritative coverage of grammar (parts of speech, constructions, and examples) and orthography (both simplified and complex characters as well as pinyin). ECCE contains 67,633 entries: 29,670 in the English-Chinese section, 37,963 in the Chinese-English section. The latter is an abridgment of the massive ABC Chinese-English Comprehensive Dictionary, with improvements such as more example sentences, the inclusion of both pinyin and characters for all sentences, and indications of

vocabulary grade levels to help learners prioritize their studies by indicating the most basic and important entries. The addition of an entirely new English-Chinese section makes ECCE the ideal portable reference. As in the Comprehensive dictionary, two indexes (Stroke and Radical) assist in looking up a character when its shape is known but not its pronunciation. The rich and encyclopaedic scope of information provided makes the ABC English-Chinese, Chinese-English Dictionary an especially useful resource for both language learners and professionals alike. The dictionary is a handy 4.5 x 7.5 inches with a plastic flexcover. Everyone agrees that Chinese is a challenge to learn. But most of the "old reliable" dictionaries do nothing to help English-speakers beat the odds. Tuttle's renowned dictionary series now introduces a "new reliable": a dictionary that gives English speakers an advantage. In concise format, here is the crucial information needed for communicating in Chinese—precise definitions plus pertinent example sentences that actually make sense! Learn how to write 250 of the commonest Chinese characters, with stroke by stroke guidance on every page. With thousands of characters to learn, beginning to read and write Chinese is a daunting task. Aimed at learners, this book takes you through 250 of the commonest characters in a clear and accessible way. The meaning of every character is explained along with information about its radical, the compound words it can form, its history, and more. There is a practice grid on every page, showing how the character is written, with space for you to practise writing the character for yourself. It is generally agreed that learners of Chinese need a working knowledge of about 100 characters in order to make themselves at all understood and to travel in China, so Easy Learning Chinese Characters is a great place to start. Published for the Harvard-Yenching Institute. This Mandarin Chinese Dictionary is for elementary to intermediate learners of Chinese Tuttle Learner's Chinese-English Dictionary is a totally new dictionary designed specifically for elementary to

intermediate learners of Chinese, and contains all 3,051 vocabulary items prescribed for Levels A and B of the internationally recognized test of Mandarin language proficiency, Hanyu Shuiping Kaoshi (HSK). This self-contained dictionary has over 5,000 headwords—those required for HSK Levels A and B, plus important proper nouns and common idioms. Extensive notes on culture, grammar and meaning are included to enhance understanding and ensure correct usage. Students attempting to learn Chinese will find this dictionary to be an essential guide to the Chinese language as well as a reliable reference tool. This Chinese dictionary contains: The 5,000+ most frequently used Chinese vocabulary items. All entries contain Romanized Chinese forms (hanyu pinyin), simplified Chinese characters (hanzi) as well as traditional Chinese characters if they exist. Terms are searchable by Chinese–English or English–Chinese. All Chinese entries are arranged alphabetically by Romanized Mandarin Chinese forms (hanyu pinyin). Chinese word components are listed and analyzed to facilitate understanding. Over 3,500 sample sentences to demonstrate how each word is used. Detailed notes on culture, grammar and usage. Chinese translations for common English names and places in China.
