Whenever a student decides to prepare for any examination, her/his first and foremost curiosity about the type of questions that he/she has to face. This becomes more important in the context of competitive examinations where there is neck-to-neck race. We feel great pleasure to present before you this book. We have made an attempt to provide chapter wise questions asked in JEE Main 2020, all 16 sets of January & September attempts with solutions. Solutions to the questions are not just sketch rather have been written in such a manner that the students will be able to under the application of concept and can answer some other related questions too. We firmly believe that the book in this form will definitely help a genuine, hardworking student. We have tried our best to keep errors out of this book. Comment and criticism from readers will be highly appreciated and incorporated in the subsequent edition. We wish to utilize the opportunity to place on record our special thanks to all team members of Content Development for their efforts to make this wonderful book. As in previous editions, the focus in INTERMEDIATE ALGEBRA remains on the Aufmann

Interactive Method (AIM). Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems. Student engagement is crucial to success. Presenting students with worked examples, and then providing them with the opportunity to immediately solve similar problems, helps them build their confidence and eventually master the concepts. Simplicity is key in the organization of this edition, as in all other editions. All lessons, exercise sets, tests, and supplements are organized around a carefully constructed hierarchy of objectives. Each exercise mirrors a preceding objective, which helps to reinforce key concepts and promote skill building. This clear, objective-based approach allows students to organize their thoughts around the content, and supports instructors as they work to design syllabi, lesson plans, and other administrative documents. New features like Focus on Success, Apply the Concept, and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success. The Ninth Edition also features a new design, enhancing the Aufmann Interactive Method and making the pages easier for both students and instructors to follow. Amdo Tibetan: A Comprehensive Grammar Textbook is a rigorous one-year college-level textbook for English speakers who wish to learn the Amdo dialect of the Tibetan language. This comprehensive introduction to the language provides dialogues at the start of each new lesson to illustrate the constructions covered in that lesson. Material from previous chapters is recycled within these dialogues to reinforce learning as the lessons progress. Each chapter unpacks the opening sample dialogue and provides an in-depth analysis and technical explanations of the specific constructions presented. Cultural sections are also included in each chapter, as well as a range of exercises and drills to reinforce learning and help students internalize the new information. The book will be of particular interest to linguists and students with some knowledge of either standard

colloquial or literary Tibetan. The Only Book You'll Ever Need to ACE the DAT Quantitative Reasoning Test FAST!
