This practical bestseller from leading expert Richard Nelson-Jones introduces the essential counselling skills for the helping professions. Now in its fourth edition, it guides you through the key skills for helping work across a range of settings, such as counselling, nursing, social work, youth work, education and many more. It explores 17 key counselling skills, including: -asking questions -monitoring -facilitating problem solving -negotiating homework Each chapter describes a particular skill, illustrates it using clear case examples across a range of settings and then helps you consolidate and practise what you've learned through a set of creative activities. Further chapters cover professional issues including a new chapter on managing crises and chapters on ethical dilemmas, supervision, working with diversity and more. The skilled helper model of counselling is hugely influential in the helping professions. Egan's Skilled Helper Model brings a number of new and challenging perspectives to bear on Egan's work and makes a major contribution to the development of this problem-management and opportunity-development approach to helping. Val Wosket draws on over twenty years experience of counselling, training and supervising to provide a clear exposition of the model and situate it in contemporary counselling practice. Numerous case studies are provided throughout, along with contributions from experienced practitioners, illustrating how the model can be applied in a variety of clinical settings and with a range of counselling issues. Egan's Skilled Helper Model builds on and extends the aims of Egan's original work, covering key topics, including: Developing a client-responsive approach that places the therapeutic relationship at the heart of the model Applying the skilled helper model in research, training and supervision Translating the model into more accessible and adaptable language This book provides an invaluable resource for trainees, trainers, supervisors and experienced practitioners wishing to update their knowledge of the model. It will also be of great interest to anyone in the helping professions looking for a pragmatic integrative framework that is adaptable to a diverse range of client issues and contexts. This book presents a three-stage model of helping, grounded in 25 years of research, that can be used to assist individuals who are struggling with emotional or transitional difficulties. To master the skills they need to lead clients through the Exploration, Insight, and Action stages, students are given both theoretical guidance and opportunities for formulating solutions to hypothetical clinical problems. Grounded in client-centered, psychoanalytic, and cognitive-behavioral theory, this book offers an integrative approach. Tables and lists supplement the text, along with clinical examples.--From publisher's description. Over the past 30 years, Egan's THE SKILLED HELPER has taught thousands of students like you a proven, step-by-step counseling process that leads to increased confidence and

competence. Internationally recognized for its successful problem-management and opportunity development approach to effective helping, the text emphasizes the collaborative nature of the therapist-client relationship and uses a practical, three-stage model that drives client problem-managing and opportunity-developing action. As you read, you'll also gain a feeling for the complexity inherent in any helping relationship. In this tenth edition, Egan now makes use of his version of the "common factors" approach, which gives new meaning and vitality to the book's themes, as well as to the use of the problem-management model to organize and give coherence to those themes. Internationally recognized for its successful problem-management and opportunity-development approach to effective helping, the text emphasizes the collaborative nature of the therapist-client relationship and uses a practical, three-stage framework that drives client problem-managing and opportunity-developing action. As they read, students also gain a feeling for the complexity inherent in any helping relationship. In the eleventh edition, Gerard Egan and new co-author Robert J. Reese emphasize the power of basics, which are the key ingredients of successful therapy. The authors name, simplify, clarify and organize these basics, showing students what they need to understand and DO to be effective helpers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. If you don't want to study counseling formally but do want to understand the basics thoroughly enough to be an effective everyday counselor, this is where you start. Step by step, we show you how to become a skilled helper in all the roles you play in life, personal and professional. The book draws on the work of Professor Gerard Egan, whose approach has been followed by trained counselors and therapists around the world for well over 40 years. We've distilled these time-tested principles and practices to their essence but without compromising on their authenticity. Simplified, yes, but never simplistic. The book introduces a fresh and easy-to-follow way of looking at the helping process, breaking it down into a series of nine conversations that each represent a critical step on a logical journey from problem to some life-enhancing outcome. This flexible, all-purpose approach is independent of any psychological theory and makes sense to everyone, regardless of background. In short, it feels natural, and with practice becomes second nature, providing you with a framework for helping yourself as well as others deal with the challenges of living. We describe the seven essential communication skills you need to have at your command when helping people to make beneficial decisions about their problems, issues and opportunities. Throughout, key concepts are supported with examples and structured exercises. Now adapted for the Europe, Middle East and African market, Gerard Egan's The Skilled Helper: A Client-Centred Approach teaches students a proven step-by-step counselling process to enable them to become confident and competent helpers. Internationally recognised for its emphasis on the collaborative nature of the therapist-client relationship and the vital importance of a client-centred approach, the text offers a practical three-stage model which drives client problem-managing and opportunity-developing action. The book integrates the most relevant aspects of different theoretical orientations (humanistic, cognitive, cognitive-behavioural, and solution-focused) into a pragmatic approach to helping. Embedding Counselling and Communication Skills provides step-by-step learning for those looking to gain theoretical and practical understanding of using counselling and communication skills within the helper role and explores how to apply these skills in the context of professional practice. Becky Midwinter and Janie Dickson introduce the reader to a new Relational Skills model which demonstrates the phases of relationship development. The authors show what happens within each phase and identify how and when to use skills appropriately. Learning is brought alive through the use of online unscripted video clip sessions of a real helper/client relationship giving the reader opportunities and encouragement to reflect and evaluate their learning. Written in a clear and accessible teaching style, Embedding Counselling and Communication Skills progresses through the 'initial helper' communication skills that are used in every day life, to the more complex and in-depth counselling skills required in a helper relationship. Knowledge of reflective practice, aspects of the relationship and how to manage change ensures the text considers the full range of general and specific skills and abilities required in a helper role situation, whilst the supporting online material is an invaluable tool to deepen and embed the theoretical understanding; practical application and self-reflection. This book will be an essential resource for students taking an introductory counselling skills course and qualified professionals who wish to enhance their knowledge of embedding counselling skills into their work and practice.
