Asphalt Pavement Repair
Manuals of Practice
Canadian Aviation Directions

This publication contains two pavement maintenance manuals intended for use by highway maintenance agencies and contracted maintenance firms in the field and in the office. It is a compendium of good practices for asphalt concrete crack sealing and filling and pothole repair, respectively, stemming from two Strategic Highway Research Program studies. The history of Catholic education in Trinidad is told from a Catholic's perspective of view in this revision of an MA thesis. Feheney was himself involved in the institution of Catholic education for primary and secondary schools in Trinidad and Tobago in the 1970's so this study carries the weight of detailed first-hand knowledge. Distributed by ISBS. c. Book News Inc. PW50 (1981-1983; 1985-1987; 1990-2002), PW80 (1983; 1985; 1991-2002) (1986-1988; 1990) This book opens with a maintenance survey to help identify likely problems and to guide the reader to the appropriate specialized sections. A chapter devoted to tool and techniques precedes the coverage of hull types. XT600 (1984-1989), TT600 (1983-1986) XT600 (1984-1989), TT600 (1983-1986)
