The historian John Lukacs offers a concise history of the twentieth century--its two world wars and cold war, its nations and leaders. The great themes woven through this spirited narrative are inseparable from the author's own intellectual preoccupations: the fading of liberalism, the rise of populism and nationalism, the achievements and dangers of technology, and the continuing democratization of the globe. The historical twentieth century began with the First World War in 1914 and ended seventy-five years later with the collapse of the Soviet Empire in 1989. The short century saw the end of European dominance and the rise of American power and influence throughout the world. The twentieth century was an American century--perhaps the American century. Lukacs explores in detail the phenomenon of national socialism (national socialist parties, he reminds us, have outlived the century),

Hitler's sole responsibility for the Second World War, and the crucial roles played by his determined opponents Churchill and Roosevelt. Between 1939 and 1942 Germany came closer to winning than many people suppose. Lukacs casts a hard eye at the consequences of the Second World War--the often misunderstood Soviet-American cold war--and at the shifting social and political developments in the Far and Middle East and elsewhere. In an eloquent closing meditation on the passing of the twentieth century, he reflects on the advance of democracy throughout the world and the limitations of human knowledge. Drive critical, engaged learning and advanced skills development. Enabling comprehensive, rounded understanding, the student-centred approach actively develops the sophisticated skills key to performance in Paper 2. Developed directly with the IB for the 2015 syllabus, this Course Book fully supports the new comparative approach to learning. - Cover the new syllabus in the right level of depth, with rich, thorough subject content - Developed directly the with IB, with the most comprehensive support for the new syllabus with complete support for the comparative approach - Truly engage learners with topical, relevant material that convincingly connects learning with the modern, global world - Streamline your planning, with a clear and thorough structure helping you logically progress through the syllabus - Build the advanced-level

skills learners need for Paper 2, with the student-led approach driving active skills development and strengthening exam performance - Integrate Approaches to learning with ATLs like thinking, communication, research and social skills built directly into learning - Help learners think critically about improving performance with extensive examiner insight and samples based on the latest exam format - The license is valid until 31st December 2023, for use by a single student or teacher - Multiplatform access, compatible with a wide range of devices - Your first login will be facilitated by a printed access card that will be sent to you in the mail

One striking weaknesses of our financial architecture, which helped bring on and perhaps deepen the Panic of 2008, is an inadequate appreciation of the past. Information about how the system functioned and the reliability of organizations and institutional controls were drawn from a relatively narrow group of recent examples. History and Financial Crisis: Lessons from the 20th Century is an attempt to broaden the range of historical sources used by policy makers to understand and treat financial crises. Many recent discussions of the 2008 panic and the economic turmoil have found the situation to either be unprecedented or greatly similar to that of 1931. However, the book's wide range of contributors suggest that the economic crisis of 2008 cannot be categorised in this way. This book was

originally published as a special issue of Business History. This reader uses primary sources to illuminate the intellectual, political, and cultural history of 20th-century Europe. Each part, chapter, and section contains an introduction that explains the historical setting and significance of the readings within. Written by experienced examiners to completely cover the 20th century aspects of the Cambridge IGCSE in History, this comprehensive text covers all the relevant material and provides focused skills development to ensure students achieve their best. Traces the history of the world from the beginning of the twentieth century to the present day with emphasis on major events and their consequences. Opera fans, pop culture addicts, jazz lovers, music aficionados, and novices: this book is for you. Featuring an assortment of games, puzzles, and trivia, this comprehensive volume contains a wealth of information, detailing all there is to know on the twentieth century music history. 250 illustrations Explorations in the Social History of Modern Central Asia offers new insights on the continuities and changes in the history of Muslim rural and pastoral societies in Central Asia under Russian rule (19th - early 20th century). The Routledge History of the Twentieth-Century United States is a comprehensive introduction to the most important trends and developments in the study of modern United States history. Driven by interdisciplinary scholarship, the thirty-

four original chapters underscore the vast range of identities, perspectives and tensions that contributed to the growth and contested meanings of the United States in the twentieth century. The chronological and topical breadth of the collection highlights critical political and economic developments of the century while also drawing attention to relatively recent areas of research, including borderlands, technology and disability studies. Dynamic and flexible in its possible applications, The Routledge History of the Twentieth-Century United States offers an exciting new resource for the study of modern American history. From one of the world's leading historians comes an ambitious and sweeping history of the world in the 20th century. Ranging from the world wars to the traumas of decolonization and the technological triumphs of the space race, *A History of the 20th Century*

documents the events, the characters, the ideologies, the cultural transformations and the dramatic politics of these turbulent times. Jeremy Black examines subjects as diverse as the Russian Revolution, the Great Depression, the Cold War, the Iranian Revolution and the birth of the internet in a compelling narrative. Keen to highlight the role of demographics, the environment, culture and technology as well as the better-known tales of political rivalries, he brings a new perspective to this most important subject. This book examines the cultural concepts that guided the development of the “age of mankind”— the changes that took place in historical, philosophical, scientific, religious, literary, and artistic thought in the 20th century. It discusses a broad range of major topics, including the spread of commercial capitalism; socialist revolutions; the two world wars; anti-colonialist national liberation movements; scientific progress; the clashes and fusion of Eastern and Western cultures; globalization; women’s rights movements; mass media and entertainment; the age of information and the digital society. The combination of cultural phenomena and theoretical descriptions ensures a unity of culture, history and logic. Lastly, the book explores the enormous changes in lifestyles and the virtualized future, revealing cultural characteristics and discussing 21st -century trends in the context of information technology, globalization and the digital era. Cambridge IGCSE®

and O Level History Second edition for Option B: the 20th Century of the syllabus (0470,2147), updated for the revised syllabus for first examination from 2020 and now supporting O Level as well. Help your students take an enquiry-led approach to historical learning with Cambridge IGCSE® and O Level History. Full of activities and primary and secondary sources, this resource encourages the application of historical skills and enables investigative questioning of cause and consequence. Endorsed by Cambridge Assessment International Education for Option B, the coursebook is written by a team of experienced teachers and provides comprehensive coverage of all of the Key Questions and four of the Depth Studies for syllabus Option B: the 20th Century. Sample answers to a selection of the exam-style questions can be found in the teacher's resource. Germany in the 20th century endured two world wars, a failed democracy, Hitler's dictatorship, the Holocaust, and a country divided for 40 years. But it has also boasted a strong welfare state, affluence, liberalization and globalization, a successful democracy, and the longest period of peace in European history. In this award-winning volume of German history, Ulrich Herbert analyzes the trajectory of German politics and culture during a century of extremes. Explains contemporary changes in making fashionable garments accessible to all classes of women, culminating in mass production of

women's ready-to-wear. Using their thematic and regional expertise, four prominent authors have produced an authoritative yet accessible account of the history of international relations in the last century, covering events in Europe, Asia, the Middle East, Africa and the Americas. This new book from celebrated historian Geoffrey Blainey takes us on an incredible global journey through a tempestuous hundred years. His eye for detail and evocative style bring to vivid life many of the events that marked the 20th century: two world wars, the rise and fall of communist states, the worst economic slump in the world's history, the decline of European monarchies and empires, the ascent of the first female prime ministers, the resurgence of Asia, and the exploration of outer space. Yet it is not only through such grand markers that we come to know and understand our history. As ever, Blainey brings the past alive by recording the minutiae of daily life – nine-year-old mothers with puny babies, the whiff of chaff and manure, the bustle of crowded cities. It brilliantly evokes the excitement of the times, the triumphs and the tragedies of perhaps the most significant century of all. Discover the stylistic evolution of the watch in this unparalleled guide to the greatest timepieces of the 20th century. Offering the perfect blend of high-quality imagery and impeccable research, this magnificent book takes readers through the 20th century to show how the

watch, in all its forms, evolved. It charts the early rise of the wristwatch, shows how the cataclysmic events of the 1929 Wall Street Crash unexpectedly led to a golden age of watch production, and demonstrates how the electronic watch, which almost destroyed the traditional industry, led to a mechanical watch renaissance in the last two decades of the 20th century. Each decade opens with an introduction to the era's stylistic and design highlights and then examines the development of specific genres of watches within each period. Hundreds of color photographs in this book feature full page close ups that reveal intricate details of form, texture, and design. Author Alexander Barter's vast knowledge of the 20th-century watch informs his texts which discuss the major technological and design breakthroughs in a chronological format. This book also includes vintage advertisements and other promotional materials, helping to give a sense of the eras in which they were created. The perfect gift for watch aficionados, this beautiful and informative volume presents the world's finest watches with an elegance and depth befitting its subject. From global wars to the digital revolution, explore the world-changing events of the 20th century decade-by-decade with 20th Century. This is history as you've never seen it before - the events, the people and the political and cultural milestones that have shaped our world using a fresh new approach. All the significant happenings of the

last century are featured in a unique graphic style with photographic timelines, eyewitness photographs and storyboards capturing key historical moments as they unfolded. A fascinating read for the whole family, 20th Century is an ideal one-stop reference. The law governing family relationships has changed dramatically in the course of the 20th century and this book - drawing extensively on both published and archival material and on legal as well as other sources - gives an account of the processes and problems of reform. Contains essays that examine significant events in the history of the early twentieth century from 1901 to 1940, covering world politics, society and culture, literary movements, art and music, immigration, and legislation; arranged chronologically with maps, illustrations, and quotations for primary source documents. Provides a comprehensive survey of the key events and personalities of this period. At the heart of this series is the idea that visual resources can be used to inspire and motivate the full range of student abilities. 'Accessing History' offers a wealth of fascinating and colourful images for each Do You Want To Know What Shaped Humankind's Most Significant Century? Read about the 50 most important events in the 20th century, from the Chinese Boxer Rebellion in 1900 to the Y2K Bug. This book is perfect for history lovers. Author James Weber did the research and compiled this huge list of events

that changed our planet's history forever. Some of them include: - Wright Brothers Fly First Motorized Airplane (1903)- Sinking Of the Titanic (1912)- Beginning Of World War I (1914)- The Spanish Flu Pandemic (1918)- Adolf Hitler Appointed Chancellor (1933)- Beginning Of World War II (1939)- First Satellite, Sputnik I launched (1957)- Oil Crisis (1973)- Chernobyl Disaster (1986) - Scientists clone Sheep (1997)and many many more The book takes you through the most important events of the 20th century. You will find pictures and explanations to every event, making this the perfect resource for students and anyone wanting to broaden their knowledge in history. Note: Some of the content overlaps with "Human History in 50 Events". Download your copy now! communism, or its economic upheavals. In his startling book, J. R. McNeill gives us our first general account of what may prove to be the most significant dimension of the twentieth century: its environmental history. To a degree unprecedented in human history, we have refashioned the earth's air, water, and soil, and the biosphere of which we are a part. Based on exhaustive research, McNeill's story—a compelling blend of anecdotes, data, and shrewd analysis—never preaches: it is our definitive account. This is a volume in The Global Century Series (general editor, Paul Kennedy). Offers three- to five-page bibliographic essays on significant figures from the twentieth century. Written by experienced examiners to completely cover the 20th century aspects of the Cambridge IGCSE in History, this comprehensive text covers all the relevant material and provides focused skills development to ensure students achieve their best. Complete support for Option B and all of the depth studies in the latest Cambridge IGCSE, IGCSE (9-1) & O Level syllabuses (0470/0977/2147). Help students develop and apply crucial historical skills with extensive source material and stimulating discussion topics. A chronological compilation of twentieth-century world events in one volume—from the acclaimed historian and biographer of Winston S. Churchill. The twentieth century has been one of the most unique in human history. It has seen the rise of

some of humanity's most important advances to date, as well as many of its most violent and terrifying wars. This is a condensed version of renowned historian Martin Gilbert's masterful examination of the century's history, offering the highlights of a three-volume work that covers more than three thousand pages. From the invention of aviation to the rise of the Internet, and from events and cataclysmic changes in Europe to those in Asia, Africa, and North America, Martin examines art, literature, war, religion, life and death, and celebration and renewal across the globe, and throughout this turbulent and astonishing century. The twentieth century was a dynamic period for the theatrical arts in China. Booming urban theatres, the interaction between commercial practice and theatre, dramas staged during the War of Resistance against Japan and a healthy dialogue between Western and Eastern theatres all contributed to the momentousness of this period. The four volumes of A History of Chinese Theatre in the 20th Century display the developmental trajectories of Chinese theatre over those hundred years. This volume examines national policies developed for the culture industry and practice of Chinese theatre from 1949 to the period of "the Great Leap Forward". The author highlights the tension between the new nation's principle of "letting one hundred flowers bloom" and the theatrical industry as a tool for ideological propaganda.

He argues that the transition from war-time conditions to the new social structure of peace time was far from thorough and stable. Scholars and students in the history of the arts, especially the history of Chinese theatre, will find this book to be an essential guide. Shows and describes the people and events that have shaped the past one hundred years Presents a survey of the ideas, discoveries, individuals, and cultural expressions that comprise the intellectual history of the twentieth century.
